PROFESSIONAL SUMMARY

Dedicated Pharmacist graduate from Gadjah Mada University (Apothecary GPA: 3.88/4.00) with a strong foundation in pharmaceutical analysis and industrial operations. Proven precise analytical skills through a hands-on internship at PT Finusolprima Farma Internasional, handling instrument compliance and quality standards. Awarded 2nd Place in the National Thesis Award by the Indonesian Young Academy of Sciences (ALMI) for advanced biomolecular research utilizing spectrophotometric and molecular assays. Proficient in analytical method optimization, laboratory instrumentation, and technical documentation. Highly motivated to contribute technical expertise as an Analytical Development (Andev) Staff at PT Mersifarma.

EDUCATION

Universitas Gadjah Mada

Sep 2020 - Sep 2025

- Apothecary Program (GPA: 3.88/4.00)
- Bachelor of Pharmacy (GPA: 3.60/4.00)

CORE INDUSTRIAL SKILLS

- **Analytical Development & Lab Operations:** Method optimization, Sample Preparation, Spectrophotometry, Cell Culture, MTT Assays, qRT-PCR, Certificate of Analysis (CoA) drafting.
- **Regulatory & Quality Systems:** CPOB/CGMP Standards, Quality Risk Management (QRM), Data Integrity, Documentation.
- **Validation Protocols:** Equipment Qualification, Design Qualification (DQ), Installation Qualification (IQ), Operational Qualification (OQ).
- **Software & Data Analysis:** IBM SPSS, GraphPad Prism, Microsoft Office (Excel formulas, Word, PowerPoint).

INDUSTRIAL EXPERIENCE

Quality Control & Validation Intern | PT Finusolprima Farma Internasional

Apr 2025 - Jun 2025

- Drafted and reviewed analytical equipment qualification documents including Design Qualification (DQ), and Installation Qualification (IQ), Operational Qualification (OQ).
- Created detailed Certificates of Analysis (CoA) for finished product and prepared Cost of Quality (CoQ) reports.
- Conducted comprehensive gap analysis to elevate laboratory regulatory compliance and prepared Quality Risk Management (QRM) reports.
- Developed sterilization protocols for components and designed stability chamber layouts for accurate product monitoring.

RESEARCH AND LABORATORY EXPERIENCE

Research Project Assistant | Universitas Gadjah Mada

Dec 2023 - Jun 2024

- Executed advanced biological and chemical laboratory protocols utilizing cell cultures, MTT Assays, and qRT-PCR techniques.
- Structured, managed, and evaluated complex experimental data sets using IBM SPSS and GraphPad Prism for analytical representation.

Lab Assistant

Feb 2023 - Jun 2024

- Supervised undergraduate student laboratory workflows in Compounding and Dispensing, Biopharmaceutical, and Organic Chemistry.
- Conducted regular operational briefings, managed laboratory compliances, and pharmaceutical formulation data accuracy.

AWARDS & ACADEMIC ACHIEVEMENTS

- **2nd Place, National Thesis Award | Akademi Ilmuan Muda Indonesia** **Dec 2024**

Recognized on a national level for research evaluating the potential effects of Naringenin in promoting glucose uptake and upregulating GLUT12 expression in an insulin-resistant model.

- **2nd Runner Up | Patient Counseling Event** **Oct 2022**

Awarded for professional communication, fast-problem solving, and pharmaceutical knowledge delivery.

OTHER PROFESSIONAL INTERNSHIP

- **Apothecary Intern | RSUP Dr. Sardjito** **Feb 2025 - Mar 2025**

Conducted comprehensive clinical pharmacy services, including ward rounds, medication reconciliation, and monitoring for potential drug interactions in complex cases.

- **Apothecary Intern | Puskesmas Jetis** **Nov 2024 - Dec 2024**

Assisted in clinical pharmacy services, including prescription screening and providing drug information (PIO) to patients, while managing essential medicine stocks for primary healthcare.

- **Apothecary Intern | PT Kimia Farma Trading and Distribution** **Nov 2024 - Nov 2024**

Supported pharmaceutical distribution operations in compliance with CDOB (Good Distribution Practice) standards and monitored supply chain workflow to ensure inventory accuracy.

- **Apothecary Intern | Apotek Afina** **Sep 2024 - Nov 2024**

Managed dispensing operations and conducted clinical screenings for outpatient prescriptions and provided personalized patient counseling on over-the-counter (OTC) medications.

ADDITIONAL WORK EXPERIENCE

- **Academic & Private Tutor | Primadika & RY Course** **Mar 2024 - May 2026**

Delivered structured analytical chemistry and science tutorials, emphasizing conceptual calculations and experimental data interpretation for advanced student exams.

VOLUNTEERING AND LEADERSHIP

- **National Delegate in Health Sector | Millenial Empowerment Program** **Jan 2024**

Represented the health sector to coordinate community empowerment initiatives and health-related outreach programs.

- **Event Coordinator | Brain Awareness for the Elderly** **Sept 2023**

Organized outreach programs to promote cognitive health and brain awareness among elderly communities.

- **People Development Coordinator | KKN PPM UGM** **Oct 2022 - Aug 2023**

Managed internal team dynamics and served as a community relations officer to strengthen ties with local residents in Banggai Laut, Central Sulawesi, through consistent engagement and cultural approach.

- **Head Organizer | Forkommi Mengabdi** **Apr 2023**

Led a community service project involving budgeting, logistics, and volunteer supervision for nature-based social programs.

- **Peer Counselor | Ditmawa UGM** **Mar 2022 - Mar 2023**

Served as a Peer Counselor for KIP-K students, providing academic guidance and intervention to improve GPA and secure scholarship continuity.

SOFT SKILLS

Analytical Thinking | High Attention to Detail | Technical Documentation | Cross-functional Collaboration | Problem Solving | Fluent English & Native Indonesian.
