- UKAI score: 91.5/100 (Maret 2026)

University of Jember – Jember, East Java

Jun 2021 - Jan 2025

Bachelor of Pharmacy, 3.66/4.00

- Project: Optimization of Tween 80 and Glycerin in Clove Leaf Essential Oil Nanoemulsion Formulation as a Topical Antioxidant (2025).

Experience

PT. Marin Liza Farmasi – Bandung, West Java

Nov 2025 - Dec 2025

Quality Assurance Intern

- Assisted in CAPA processes, change control, complaint handling, and Quality Risk Management (QRM) to ensure consistent compliance and risk-based decision making.
- Conducted comprehensive batch record reviews based on completed production and quality documentation to ensure accuracy, compliance, and adherence to GMP requirements.
- Performed process validation by monitoring each stage of pharmaceutical product manufacturing, including bulk product sampling, specification testing, and evaluation of production areas to ensure compliance with established quality standards and manufacturing requirements.
- Prepared and reviewed GMP documentation such as calibration certificates, validation reports, and SOP revision.
- Conducted product sampling and inspection activities by verifying primary and secondary packaging components, batch numbers, labeling, and overall packaging compliance to ensure adherence to approved specifications and GMP/CPOB requirements.

RSUD Dr. Soetomo – Surabaya, East Java

Jul 2025 - Sep 2025

Pharmacist Intern

- Conducted analysis of more than 5 clinical case studies across various medical specialties, including infection, pediatrics, and oncology, to support rational pharmacotherapy practices based on evidence-based medicine.
- Conducted prescription screening, including dosage accuracy, administration instructions, and identification of potential drug interactions.
- Performed drug therapy monitoring to evaluate treatment effectiveness and identify potential adverse effects and drug interactions.
- Performed screening and analysis of more than 270 Medication Administration Records (MAR) as part of a Probiotics Drug Utilization Study (DUS) to evaluate the appropriateness and rational use of probiotics in pediatric wards through a data-driven approach.

Apotek Zora Farma – Jember, East Java

May 2025 - Jun 2025

Pharmacist Intern

- Conducted prescription screening and self-medication assessments to ensure appropriate drug selection based on patients' conditions and needs.
- Performed drug purchase and sales data recapitulation to identify best-selling products and support inventory

management.

- Assisted in calculating drug sales margins to support pharmacy business and pricing evaluation.
- Provided home care services for patients, including blood glucose, blood pressure, and cholesterol monitoring.
- Delivered health education to the community regarding hypertension prevention, risks, and proper disease management.

PT. Millennium Pharmacon International – Jember, East Java

Apr 2025

Pharmacist Intern

- Gained practical experience in pharmaceutical distribution and supply chain operations in compliance with Good Distribution Practices (GDP).
- Accelerated the fulfillment of 50+ daily pharmaceutical orders, including cold chain products, to support efficient distribution operations.
