Jakarta, Indonesia

Licensed Pharmacist with a strong pharmaceutical background spanning clinical, industrial, and distribution settings. Demonstrates solid product knowledge across prescription and OTC categories, supported by hands-on experience in documentation, cross-functional collaboration, and data management. Skilled in preparing structured reports and presentations. Eager to contribute pharmaceutical expertise and analytical capabilities to support product marketing strategy.

Work Experiences

PT. Forsta Kalmedic Global - Jakarta, Indonesia <i>Quality Assurance Intern</i> - Drafted and revised regulatory documentation including SOPs aligned with ISO 14971, building strong attention to detail for structured, compliant reporting. - Collaborated with cross-functional teams to implement quality procedures, experience transferable to coordinating product-related workflows across departments. - Supported documentation control systems, ensuring accurate and traceable record-keeping relevant to product lifecycle management.	Mar 2026 - Present
PT. Forsta Kalmedic Global - Jakarta, Indonesia <i>Quality Control Intern</i> - Analyzed 50+ raw and packaging materials, building deep familiarity with product components, quality attributes, and standards — foundational knowledge for product strategy. - Managed and structured data systems to ensure easy access and accuracy, directly applicable to maintaining product databases and reporting.	Dec 2025 - Feb 2026
CV. Intan Borneo - Jakarta, Indonesia <i>Freelance Data Entry</i> - Collected and organized 30–50 data entries daily from physical and digital sources to support marketing and operational analysis. - Ensured data accuracy and integrity to support informed business decisions — key skill for monitoring product performance and preparing monthly reports.	Oct 2025 - Present
PT. Global Onkolab Farma - Jakarta, Indonesia <i>Quality Control Intern</i> - Revised 20+ SOPs and supported data compilation for software migration (500+ records), demonstrating strong data handling and reporting discipline. - Engaged with multiple departments to understand integrated product workflows — experience relevant to cross-functional product management.	Mar 2025 - Apr 2025
PT. Kimia Farma Trading and Distribution - Jakarta, Indonesia <i>Pharmacist Intern</i> - Gained insight into product distribution, procurement, and regulatory reporting systems, providing understanding of end-to-end product flow from manufacturer to market. - Supported BPOM audit preparation, highlighting experience with regulated product documentation relevant to pharmaceutical product compliance.	Feb 2025
RS Persahabatan - Jakarta, Indonesia <i>Clinical Pharmacist Intern</i> - Provided pharmaceutical care to 200–400 patients daily, developing a direct understanding of drug usage patterns, patient segmentation by condition, and therapeutic product positioning. - Educated patients on complex therapies (e.g., tuberculosis), honing communication and presentation skills in a professional health setting.	Nov 2024 - Dec 2024
