

RAHMA AZIZAH

082118356215 | raazizah0811@gmail.com | linkedin.com/in/rahma-azizah-131a77216

Pharmacist with hands-on exposure to in-process quality control (IPC), production monitoring, quality assurance, and laboratory operations in regulated manufacturing environments. Experienced in supporting manufacturing and quality activities, reviewing production documentation, participating in inspections, and evaluating processes in accordance with Good Manufacturing Practices (CPOB/GMP). Familiar with Quality Management Systems (QMS), deviation investigation, CAPA, quality risk assessment, qualification and validation, and SOP documentation. Currently developing knowledge of ISO 13485 and medical device quality systems. Detail-oriented, analytical, and adaptable, with a strong interest in Quality Control and regulated medical device manufacturing.

Professional Experience

PT. Enseval Putera Megatrading Tbk.

Apr 2026

Pharmacist Intern

- Supported pharmaceutical distribution, inventory monitoring, stock reconciliation, and documentation in accordance with CDOB.

Lembaga Farmasi Angkatan Udara

Feb 2026 - Mar 2026

Pharmacist Intern

- Participated in IPC, production monitoring, facility and equipment inspections in accordance with CPOB/GMP.
- Verified process parameters, environmental conditions, equipment readiness, and production documentation.
- Reviewed quality records and supported deviation investigation, risk assessment, CAPA, qualification, and validation activities.
- Collaborated with production and quality teams to identify quality issues and improvement opportunities.

Santosa Hospital Bandung Central

Dec 2025 - Jan 2026

Pharmacist Intern

- Reviewed prescriptions, dispensed medications, managed inventory, and provided patient counseling.

Bandung Islamic University

Feb 2025 - Aug 2025

Research & Laboratory Assistant

- Supervised laboratory activities for approximately 155 pharmacy students in accordance with procedures and safety requirements.
- Supported laboratory preparation, equipment management, testing materials, documentation, and equipment readiness.

Organizational

Himpunan Mahasiswa Farmasi

Jun 2022 - Aug 2024

- Coordinated administrative activities across 12 divisions, managed documentation for 15+ programs, and supported meetings and organizational records.

Education

Universitas Islam Bandung

Sep 2025 - Aug 2026

Professional Pharmacist Program, 3.99/4.00

- Developed practical knowledge of CPOB/GMP, in-process quality control, production documentation, quality systems, and regulatory compliance.

Universitas Islam Bandung

Aug 2021 - Feb 2025

Undergraduate Pharmacy, 3.75/4.00

- Built a strong foundation in pharmaceuticals, pharmaceutical technology, pharmaceutical chemistry, laboratory sciences, and quality-related processes.

Honors & Awards

National Pharmacy Seminar (ITB)

Jul 2025

Best Scientific Poster Award

- Presented research on nanoemulgel formulation containing Tea Tree Oil and Salicylic Acid.
- Received Best Scientific Poster recognition for research presentation and scientific communication.

Djarum Beasiswa Plus

Sep 2023 - Sep 2024

Awardee

- Selected based on academic achievement, leadership potential, and organizational involvement.
- Completed training in leadership, communication, problem-solving, and professional ethics

Selected Projects

Quality Risk Management Project

Mar 2026

- Developed quality risk assessment, Change Control documentation, and process evaluation during pharmaceutical manufacturing internship.
- Applied FMEA and risk-based thinking to identify and evaluate potential quality risks in manufacturing processes.

Cefadroxil Dry Syrup Production Simulation

Mar 2026

- Supported batch preparation, process monitoring, In-Process Control (IPC), and complete batch record documentation
- Applied GMP standards and strict attention to detail ensuring process compliance and documentation accuracy

Technical Skills

- Quality Control & Manufacturing:** In-Process Quality Control (IPC) | Quality Inspection | Process Monitoring | Process Verification | Quality Evaluation | Production Documentation
- Quality Systems & Compliance:** Quality Management System (QMS) | CPOB/GMP | SOP Review | Deviation Investigation | CAPA | Root Cause Analysis | Quality Risk Assessment | Basic FMEA | Qualification & Validation
- Medical Device Quality:** ISO 13485:2016 Awareness | Medical Device Quality System Fundamentals
- Laboratory & Data:** Laboratory Operations | Analytical & Physicochemical Testing | Equipment Management | Research & Data Analysis
- Software:** Microsoft Word | Microsoft Excel | Microsoft PowerPoint
- Core Competencies:** Attention to Detail | Analytical Thinking | Problem Solving | Documentation Accuracy | Quality Compliance | Communication | Teamwork | Coordination | Adaptability | Initiative
