Profile

Recent graduate pharmacist from University of Muhammadiyah Prof. DR. HAMKA with hands-on experience across community health centers, hospitals, retail pharmacies, pharmaceutical distribution (PBF), and manufacturing. Conducted clinical and administrative prescription screening (up to 200 prescriptions/day), dispensed medications and counseled patients, managed inventories of 300-500 items using FIFO/FEFO to maintain availability and reduce expiries, and supported process and cleaning validation documentation for multiple production batches. Skilled in medication safety, drug information services, inventory control, GMP/GDP compliance, and interprofessional communication-ready to contribute accurately, responsibly, and collaboratively to pharmacy or pharmaceutical operations.

Experience

Apotek Riah Farma - Bekasi

October 2025

- Performed clinical and administrative screening of ~20 prescriptions/day to verify therapy appropriateness, dosing, and contraindications; intervened on discrepancies and communicated recommendations to prescribers.
- Provided drug information and counseling to ~10 patients/day to improve understanding and adherence. Managed inventory of 300+ pharmaceutical and medical-supply items using FIFO/FEFO, maintained stock availability, and minimized expiries through proactive rotation and reordering.

PT. Kimia Farma Plant Banjaran - Bandung

August - September 2025

- Prepared and developed ~10 process and cleaning validation documents to ensure accurate data collection and regulatory compliance. Revised validation forms based on critical process parameters and acceptance criteria for ~5 production processes, improving data accuracy and consistency.
- Performed sampling and in-process testing during production batches to evaluate product uniformity and quality against specifications. Monitored critical process parameters and assisted with documentation and investigations to support process performance and product quality.

Pedagang Besar Farmasi PT. Penta Valent Cabang Tangerang - Banten

July 2025

- Managed distribution and inventory control for approximately 500 pharmaceutical and medical-supply SKUs, ensuring product availability and regulatory compliance.
- Executed receiving, storage, and dispatch using FIFO/FEFO to preserve product quality and reduce expiries. Verified procurement and distribution documentation (invoices, delivery orders, batch records) to ensure traceability.
- Monitored cold chain storage conditions and supported handling of returns, recalls, and related documentation per company and regulatory procedures.

Rumah Sakit Umum Kota Tangerang Selatan - Banten

May - June 2025

- Screened ~200 inpatient and outpatient prescriptions daily for clinical appropriateness, dosing, interactions, and allergy risks; prepared and accurately dispensed medications in compliance with protocols.
- Provided drug information and patient counseling, documented medication-related interventions, and collaborated with clinical teams on medication therapy monitoring.
- Assisted with sterile and aseptic dispensing processes and monitored pharmacy inventory using FIFO/FEFO to minimize expiries.

Puskesmas Pademangan

April 2025

- Performed pharmaceutical screening and dispensed ~40 prescriptions/day following SOPs to ensure correct therapy and dosing.
- Lead community health education initiatives reaching ~250 residents, contributing to improved medication adherence among participants.
- Supported inventory management, receiving, and storage using FIFO/FEFO to maintain stock quality and availability.

Organization Experience

General Treasurer — Student Executive Board, FFS UHAMKA December 2022 – July 2023

- Managed and prepared budgeting plans for ±15 organizational programs and events during one management period to ensure efficient financial allocation and accountability.
- Coordinated administrative and financial documentation, including reimbursement forms, payment records, and financial reports for ±10 committees to support organized and transparent operations.
- Collaborated with organizational leaders and committee members in the implementation of student activities involving ±100 participants to ensure smooth program execution.

Secretary of Organizational Division — HIMASI FFS UHAMKA November 2021 – August 2022

- Managed digital and physical filing systems for ±100 organizational documents, including legal documents, correspondence, and member databases to improve administrative efficiency and document traceability.
- Coordinated timelines and administrative schedules for cadre development and organizational programs to ensure activities were completed according to targets and deadlines.
- Assisted in organizing internal meetings and coordinating communication among committee members and divisions to support efficient organizational operations.
