WORK EXPERIENCES

PT. Phapros Tbk - Semarang, Indonesia

Mar 2026 - Apr 2026

Apothecary Internship

PT Phapros Tbk is a pharmaceutical company dedicated to delivering high-quality healthcare products. During my internship in the Quality Assurance (QA) Department, I was involved in quality system oversight, regulatory document reviews, and quality audits. This role required a strong grasp of regulations, strict SOP compliance, and the implementation of GMP (CPOB), medical device manufacturing standards (CPAKB), CPOBAB, and ISO Quality Management Systems to ensure all operational aspects met pharmaceutical industry standards.

- Participated in the drafting of self-inspection forms and internal quality audit documentation.
- Collected, processed, and analyzed data using Minitab to support the preparation of Product Quality Reviews (PQR).
- Assisted in Root Cause Analysis (RCA) investigations and the development of Corrective and Preventive Action (CAPA) plans for non-conformities/deviations.
- Involved in managing and monitoring product stability programs (both accelerated and real-time) to evaluate product shelf-life and quality during storage.
- Assisted in determining product disposition, including decision-making regarding batch release, quarantine for reprocessing/repacking, or rejection.
