Professional Summary

Licensed Pharmacist and Cum Laude graduate from Universitas Jenderal Achmad Yani with practical experience in pharmaceutical manufacturing. Experienced in supporting pharmaceutical production through capacity utilization analysis, SOP revision, and Change Control documentation in a GMP (CPOB)-compliant environment. Possesses a solid understanding of pharmaceutical manufacturing processes, quality systems, and cross-functional operations. Detail-oriented and analytical, with a strong interest in Production, Quality Assurance, Quality Control, and Validation.

Education

Universitas Jenderal Achmad Yani 2025 - 2026
Pharmacist Professional Education (Cum Laude, GPA: 3.88/4.00)

Universitas Jenderal Achmad Yani 2021 - 2025
Bachelor of Pharmacy (Cum Laude, GPA: 3.66/4.00)

- Graduated in 3.5 years through an accelerated study program.
- Served as a research team member in an internally funded LPPM UNJANI research project titled "Antidepressant Effect Test of Roselle Flower Petal Ethanol Extract on Swiss Webster Mice".
- Contributed to research proposal development, laboratory experiments, data collection, and statistical analysis.

Work Experience

PT. Caprifarmindo Laboratories (Sanbe Group) Aug 2025 - Sept 2025
Production Intern (Pharmacist Professional Internship – PKPA)

- Conducted capacity utilization analysis of tablet press machines for 9 product lines using annual production forecast data, machine operating time, and estimated cleaning downtime based on Cleaning Validation results.
- Revised Standard Operating Procedures (SOPs) for electronic balances and granulator machines in the Solid I Department to ensure procedural compliance and minimize operator errors.
- Prepared Change Control documentation for SOP revisions to ensure that any changes to procedures are documented, evaluated for their impact on product quality, and approved by QA.
- Participated in GMP (CPOB)-based production workflow simulations for solid dosage forms.
- Attended cross-functional induction sessions covering GMP (CPOB), pharmaceutical manufacturing processes, quality systems, qualification, validation, calibration, line clearance, IPC, and manufacturing support systems.
- Observed process validation (ValPro) activities in the production area.

Puskesmas Cimahi Tengah Nov 2025
Pharmacist Professional Internship (PKPA)

- Performed prescription screening to ensure the appropriateness of indications, dosages, and potential drug interactions for over 70 patients per day.
- Provided patient counseling and Drug Information Services (Pelayanan Informasi Obat/PIO) to promote the rational and safe use of medicines.
- Participated in public health screening programs and the Chronic Disease Management Program (PROLANIS).
- Conducted systematic documentation and reporting of medication use to support pharmaceutical service management.

Apotek Kimia Farma (BUMN) June 2025 - July 2025
Pharmacist Professional Internship (PKPA)

- Performed prescription screening to assess the appropriateness of prescribed medications, dosages, and potential drug interactions.
- Provided Drug Information Services (PIO) on the proper use, storage, and potential side effects of medicines.
- Assisted in stocktaking activities, monitored drug expiration dates, and verified the accuracy of physical inventory against system records to support inventory control and compliance with pharmacy operational procedures.

- Supervised 36 students during the practicum and evaluated the pre-test results.
- Assisted in the implementation of in vivo pharmacology practicums using experimental animals by guiding students throughout practicum activities.
- Ensured compliance with safety standards, research ethics, and practicum procedures.

National Eye Center, Cicendo Eye Hospital

Feb 2024

Internship

- Provided clinical pharmacy services, including compounding and dispensing pharmaceutical preparations for more than 100 patients daily.
- Prepared and distributed medications for inpatients while supporting drug inventory management through accurate storage, documentation, and monitoring of incoming and outgoing supplies.

Organizational and Community Service Experience

Community Service Program

Feb 2023 - Feb 2024

Event Division Coordinator

- Coordinated event planning and developed educational materials on stunting prevention for Posyandu cadres and the community to enhance health literacy.

Priangan Goes to Village by ISMAFARSI Priangan

Aug 2023

Event Division Coordinator

- Served as Master of Ceremonies and Moderator for a community service program focused on Family Medicinal Plants (TOGA).
- Led event proceedings and facilitated interactive discussions between speakers and participants to ensure effective knowledge delivery.

BEM Fakultas Farmasi, Universitas Jenderal Achmad Yani

Feb 2023 - Feb 2024

Member of Social and Spiritual Affairs Department

- Served as Person in Charge (PIC) for several work programs by coordinating planning, execution, monitoring, and evaluation activities to achieve established targets and timelines.
- Developed activity timelines, promotional materials, and evaluation reports to support program implementation and continuous improvement.

Certificates, Licenses, and Training

- Pharmacist Competency Certificate — Indonesian College of Pharmacy
- Pharmacist Registration Certificate (STR) — Indonesian Health Council.
- Pharmaceutical Manufacturing Troubleshooting & Problem Solving — TemanLab
- Pharmaceutical Laboratory Testing: Chemical, Microbiological, and Sensory Analysis — TemanLab
- Stability & Compatibility Test in Pharmacy & Food Product — TemanLab

Skills

- **Technical Skills:** GMP (CPOB) Principles, Pharmaceutical Manufacturing Process, Change Control, SOP Revision & Documentation, Capacity Utilization Analysis.
- **Soft Skills:** Interprofessional Collaborative Practice, Teamwork, Critical Thinking, Attention to Detail, Problem Solving.
- **Software:** Microsoft Excel, Microsoft Word, Microsoft PowerPoint, Canva.
- **Languages:** Indonesian (Native), English (Intermediate).
