Jakarta, Indonesia

Pharmacist with experience in Regulatory Affairs, Halal Assurance, Responsible Pharmacist functions, and Research and Development across the cosmetics, herbal medicine, pharmaceutical, and pharmaceutical distribution industries. Experienced in managing the BPOM registration lifecycle, audits and CAPA, SJPH implementation, as well as product development and scale-up from formulation through commercialization.

Professional Experience

Cosmetics Company CV. Bali Spa Nature - Surabaya, East Java (Hybrid Jakarta - Surabaya) Sep 2025 - present

Responsible Pharmacist, Regulatory Affairs & Halal Supervisor

- Ensured compliance of company products and activities with BPOM regulations, the ASEAN Cosmetic Directive, and CPKB in the role of Responsible Pharmacist.
- Managed the cosmetic product registration lifecycle covering 50+ new notifications, 10+ renewals, and 20+ BPOM amendments/variations, including assessment of formulas, raw materials, claims, labeling, packaging, and product documentation.
- Reviewed and controlled 100+ Product Information Documents (DIP) and served as the primary point of contact with BPOM for consultations, submissions, training, audits, inspections, and regulatory follow-up.
- Coordinated 2 BPOM audits/inspections, follow-up on findings and CAPA, as well as post-market activities including complaint handling and root cause evaluation.
- Served as Halal Supervisor, leading halal certification readiness through SJPH and SiHalal implementation, while also handling OSS-RBA, notary coordination, and cross-functional collaboration with R&D, QA, QC, Production, Marketing, suppliers, and management.

Cosmetics Company CV. Bali Spa Nature - Surabaya, East Java

Jun - Sep 2025

Head of Research and Development

- Led the development and evaluation of 200+ cosmetic products across skincare, body care, haircare, and spa products, with 150+ products successfully commercialized.
- Conducted formulation and reformulation based on quality, stability, regulatory compliance, market needs, raw material availability, and cost efficiency.
- Performed accelerated and real-time stability testing as well as formula-packaging compatibility testing to ensure product stability and readiness prior to commercialization.
- Led formulation trials and scale-up to production scale, including raw material selection and coordination with Production, Quality, suppliers, and technical sales.
- Prepared technical documentation for BPOM notifications, product claims, and production transfer, and collaborated with Finance and Accounting on COGM evaluation and optimization.

Herbal Medicine Company CV. Sumiati - Pamekasan, East Java

Nov 2024 - May 2025

Responsible Pharmacist

- Led the preparation and fulfillment of CPOTB/CPOBAB requirements through successful completion of the certification process.
- Prepared and controlled 100+ SOPs and 100+ specifications and technical documents, including Master Formula and processing/batch records.
- Designed facility layouts and supported production facility readiness, including sanitation, hygiene, qualification, and validation in accordance with good manufacturing practice requirements.
- Handled 50+ CAPAs following BPOM inspection until all were resolved and conducted quality risk assessments using the FMEA method.
- Served as the company liaison with BPOM for consultations, inspections, CAPA follow-up, and the certification process.
