PROFESSIONAL SUMMARY

Licensed Pharmacist (Apt.) and 2025 Pharmacy graduate from Universitas Surabaya with hands-on experience across pharmaceutical R&D, Quality Assurance, distribution, and pharmacy practice gained through industry internships, undergraduate research, and professional pharmacy training. Core experience includes R&D at PT Satoria Aneka Industri (formulation development and stability studies under GMP), Quality Assurance at PT Global Onkolab Farma (QMS and documentation control), and distribution at PT Enseval Putera Megatrading Tbk (warehousing and GDP compliance), complemented by clinical and community pharmacy training at Lawang Mental Health Hospital, RSUD R.T. Notopuro Sidoarjo, Mida Farma Pharmacy, and Mojo Public Health Center.

Seeking opportunities in Quality Assurance, Research & Development, or Pharmaceutical Supply Chain/Distribution, with strong attention to detail, regulatory awareness, problem-solving, and commitment to product quality and continuous improvement.

CORE COMPETENCIES

Quality Management System (QMS) | Good Manufacturing Practice (GMP) | Good Distribution Practice (GDP) | Documentation Control | Pharmaceutical Formulation & Stability Studies | Specialty Pharmacy | Pharmaceutical Care & Patient Counseling | Regulatory Compliance | Data Analysis & Technical Reporting

PROFESSIONAL EXPERIENCE

Clinical Pharmacist Intern

April 2026 - May 2026

RSUD R.T. Notopuro Sidoarjo — Sidoarjo, Indonesia

- Supported clinical pharmacy services in a general hospital setting, including medication management and dispensing activities.
- Reviewed medication use and provided patient counseling, collaborating with pharmacists and healthcare professionals to support safe, effective, rational medication use.
- Gained practical exposure to hospital pharmacy workflows and multidisciplinary patient care.

Quality Assurance Intern

February 2026 - March 2026

PT. Global Onkolab Farma

- Supported Quality Assurance activities within an oncology-focused pharmaceutical manufacturing environment.
- Assisted with documentation control and quality-related processes per established QMS procedures, gaining exposure to GMP requirements and regulatory compliance.
- Developed understanding of Quality Assurance's role in maintaining product quality, consistency, and compliance throughout manufacturing operations.

Community Pharmacy Intern

December 2025 - January 2026

Mida Farma Pharmacy

- Provided pharmaceutical care services, including prescription dispensing and patient counseling under pharmacist supervision.
- Assisted with pharmaceutical inventory management, including handling and organization of prescription and OTC medications.
- Supported safe medication use by providing patients with clear information on medication administration and proper use.

Primary Healthcare Pharmacy Intern

November 2025 - December 2025

Mojo Public Health Center (Puskesmas)

Pharmaceutical Distribution Intern

September 2025

PT. Enseval Putera Megatrading Tbk, Branch SB2

- Gained exposure to pharmaceutical distribution operations in accordance with Good Distribution Practice (GDP).
- Assisted in warehouse management and inventory control for pharmaceutical products.
- Learned regulatory documentation requirements for drug distribution and supply chain compliance.

Research & Development Intern (Formulation Development)

October 2024 - November 2024

PT. Satoria Aneka Industri

- Completed R&D internship and undergraduate thesis research evaluating the impact of secondary packaging types on the stability of Bupivacaine–NaCl Injection under different storage temperature conditions.
- Supported pharmaceutical formulation development and stability testing activities in accordance with GMP requirements.
- Conducted research data collection, analysis, and technical documentation, gaining hands-on experience in GMP documentation and data-driven evaluation of pharmaceutical products.

Clinical Pharmacist Intern

August 2024 - September 2024

RS Radjiman Wediodiningrat (Lawang Mental Health Hospital)

- Provided clinical pharmacy support for patients with mental health conditions.
- Assisted in medication management and patient counseling in a psychiatric care setting.

EDUCATION

Pharmacist Professional Program, Industrial and Physical Pharmacy

2025 - 2026

Universitas Surabaya (UBAYA)

Bachelor of Pharmacy

2021 - 2025

Universitas Surabaya (UBAYA)

ORGANIZATIONAL EXPERIENCE

Security Division Member

2024

MOB Fakultas Farmasi 2024 (Masa Orientasi Bersama / Student Orientation)

- Ensured the safety and orderly flow of activities during the faculty's student orientation program.
- Coordinated with other divisions to manage participant flow and event security.

Logistics Division Member

2023

Segitiga Emas

- Handled logistical arrangements for a large-scale faculty event, including equipment preparation, venue setup, and coordination of resources to support smooth event execution.

Publication Division Member

2022 - 2023

Dewan Perwakilan Mahasiswa (DPM), Faculty of Pharmacy

- Managed publication and information dissemination for student council activities and programs within the Faculty of Pharmacy.
- Created and distributed content to keep students informed about council initiatives, events, and announcements.

Event Coordinator — Online Course Registration (KRS) Tutorial

2022

Dewan Perwakilan Mahasiswa (DPM), Faculty of Pharmacy

- Led the coordination of an online tutorial event to guide students through the course registration (KRS) process.
- Managed event planning, logistics, and team coordination to ensure a smooth and informative session for participating students.

VOLUNTEER EXPERIENCE

TB Awareness Volunteer

2025

Professional Pharmacist Program, University of Surabaya

- Participated in "Program Penyuluhan Serentak Merdeka TBC," a community-based tuberculosis awareness and prevention campaign conducted across multiple neighborhood units (RW) in Surabaya.
- Delivered health education to residents on TB symptoms, transmission, and prevention, and promoted early detection and treatment adherence within the community.
