PERSONAL SUMMARY

Motivated pharmacist graduate from University of North Sumatera who has high interest in working. I have work experience as a Research Staff at PT Universal Indofood Product. As a Research Staff I conducting laboratory testing, microbiological analysis, documentation, and maintaining compliance with SOP, GMP, and quality standards. I'm detail oriented, discipline, adaptable, and able to work effectively both independently and in a team environment.

CAREER GOALS

My main objective in applying is to contribute to the development and delivery of high quality pharmaceutical products that can improve the quality of life of the community. I would like to use the knowledge and skills I have acquired as a graduate pharmacist to support innovation and efficiency in the production process, quality control and pharmaceutical services. It is also my ambition to continue learning and developing in a dynamic and progressive professional environment.
