+6281220677860 | hudzaifah724@gmail.com | [linkedin.com/in/hudzaifah-farmasi](https://www.linkedin.com/in/hudzaifah-farmasi)

Pharmacist graduate (passed UKOMNAS-PDPA) with robust technical expertise in analytical methodologies and pharmaceutical quality systems. Highly proficient in HPLC-UV method development and validation based on AOAC Appendix F and ICH Q2(R2) Guidelines. Well-versed in enforcing Data Integrity compliance aligned with 21 CFR Part 11 and WHO TRS.1033 Annex 4, and conducting Quality Risk Management (FMEA). Demonstrated capability in evaluating stability data and investigating OOS cases to extrapolate shelf-life and propose corrective actions in compliance with ASEAN Guidelines. Detail-oriented and analytical, aiming to leverage a comprehensive understanding of GMP.

EDUCATION

Universitas Jember - Jember, Indonesia

Aug 2025 - Oct 2026

Apothecary student completed all professional internships, GPA: 3.85/4.00

- Passed the National Competency Examination (UKOMNAS-PDPA) on August 2026 with a score of 85.50%.

Universitas Jember - Jember, Indonesia

Aug 2021 - Jun 2025

Bachelor of Pharmacy, GPA: 3.61/4.00

- Developed analytical HPLC-UV method for Determination of Naringenin Levels in Citrus Mesocarp Extract.
- Validated analytical HPLC-UV method for Determination of Naringenin Levels in Citrus Mesocarp Extract based on AOAC Appendix F and ICH Q2(R2) Guidelines.

PROFESSIONAL INTERNSHIP EXPERIENCE

PT Kimia Farma, Tbk - Plant Banjaran, Banjaran, Indonesia

Apr 2026 - May 2026

- Evaluated stability study data and investigated OOS cases to extrapolate product shelf-life and propose corrective actions for assay and weight variations in compliance with the ASEAN guideline on stability study of drug product.
- Assessed data integrity compliance of analytical equipment by developing an evaluation matrix based on WHO TRS 1033 Guideline and FDA CFR Part 21.
- Applied Failure Mode and Effects Analysis (FMEA) in quality risk management for BPOM audit findings.

PT Millennium Pharmacon International, Tbk - Jember, Indonesia

Sep 2025 - Oct 2025

- Formulated CAPA (Corrective and Preventive Action) plans to ensure strict compliance with CDOB regulations.
- Maintained systematic documentations to enable traceability and audit readiness.

RESEARCH & LABORATORY EXPERIENCE

Faculty of Pharmacy, Universitas Jember - Jember, Indonesia

Laboratory Assistant - Analytical Chromatography

Mar 2025 - Jun 2025

- Guided students in sample preparation, hands-on HPLC-UV Shimadzu Prominence operation, data interpretation, and scientific reporting.
- Ensured all laboratory analytical activities met strict Standard Operating Procedures (SOP).

Laboratory Assistant - Phytopharmacy

Mar 2025 - Jun 2025

- Supervised TLC-densitometry analytical procedures for the accurate marker quantification of herbal products.
- Supervised students in herbal dosage form preparation, formulation, and extraction processes.

ACHIEVEMENT AND ADDITIONAL INFORMATION

- **Presentations and Conference (2025):** Oral Presenter at the 4th Public Health Annual Conference & ICMHS 2025, presenting research on the development of chromatography analytical methods.

- **Final Project (2025):** HPLC-UV Method Development and Validation for Determination of Naringenin Levels in Citrus Mesocarp Extract
- **Technical Skills:** Preformulation and dosage form evaluation, Analytical method validation, GMP Compliance, Stability Studies, Process capability analysis, Data Integrity.
- **Languages:** Indonesian (Native), English, Arabic.
