ABOUT ME

Fresh Graduate of Chemistry from Universitas Diponegoro with strong analytical, administrative, and communication skills. Experienced in documentation handling, data analysis, coordination, and customer-oriented roles through laboratory assistance, research internship, and organizational activities. Detail-oriented, adaptable, and highly motivated to grow in operational, administrative, management trainee, customer service, and corporate roles across various industries

EDUCATION

Universitas Diponegoro - Semarang, Indonesia

Sep 2020-Jul 2024

Bachelor Science in Chemistry, 3.69/4.00

- Thesis on "Sulfonation of Eugenol Diallyl Phthalate Copolymer as Base Material of Supercapacitor Electrode"

WORK EXPERIENCES

DIPONEGORO UNIVERSITY - Semarang, Indonesia

Integrated Chemistry Laboratory Assistant

Feb 2024-Jun 2024

- Supported daily laboratory and operational activities by ensuring compliance with SOPs and standardized procedures.
- Contributed to process improvement initiatives by simplifying testing workflows, increasing operational efficiency by 70–75%.
- Coordinated sample handling, raw material analysis, and data documentation to support quality and operational reliability.
- Assisted lecturers and students by managing schedules, resources, and reporting activities.

Organic Chemistry Laboratory Assistant

Sep 2023-Dec 2023

- Supported routine testing operations and quality evaluation of chemical materials.
- Improved laboratory workflow efficiency, reducing testing turnaround time by up to 15%.
- Recorded, validated, and summarized analytical data to support decision-making and reporting.

NATIONAL RESEARCH AND INNOVATION AGENCY (BRIN) - Tangerang Selatan, Indonesia

Research and Product Development Intern

Jan 2023 - Feb 2023

- Performed antioxidant and proximate analysis of natural extracts to support cosmetic and fragrance-related product development
- Optimized extraction parameters to improve extract quality by up to 12%
- Handled sample preparation, documentation, and data reporting using laboratory instruments and controlled procedures

ORGANIZATIONAL EXPERIENCES & ACHIEVEMENTS

Diponegoro University – Semarang, Indonesia

Publication "Sulfonation of Eugenol-Diallyl Phthalate Copolymer as Base Material of Supercapacitor Electrode"

2024

- Published scientific research focusing on polymer modification and chemical material development, demonstrating analytical skills that are transferable to cosmetic formulation research, particularly in polymer-based ingredients such as emulsifiers or film formers.
- Experience in data interpretation, chemical reaction optimization, and structured report writing following academic publication standards.

Copyright "Integrated Chemistry Practicum Module: Eugenol Polymerization with H₂SO₄ and BF₃ Catalysts"

2023

- Developed a chemistry practicum module registered under intellectual property rights, reflecting the ability to create structured educational and scientific materials.

Last Ceremony of Scientist Artist and Athlete (LACESTRA) – Semarang, Indonesia

Staff of Public Relations

Sep 2022 – Nov 2022

- Developed and implemented communication strategies and partnerships that increased event participation by 30%.
- Gained strong public communication and branding experience, useful for promoting science-based beauty innovation and product awareness.

CATION CUP – Semarang, Indonesia

Staff of Liaison Officer

Sep 2021 – Oct 2021

- Collaborated with the creative team to design and organize event decorations, ensuring thematic consistency with overall branding and visual identity
- Supported the documentation and media team in producing high-quality photo and video materials for promotional purposes, enhancing event visibility and engagement.

SKILLS

Hard Skill: Data Analysis & Documentation, Presentation & Public Speaking, Microsoft Office (Word, Excel, Power Point)

Soft Skill: Communication. Teamwork & Collaboration, Time Management, Adaptability & Willingness to Learn, Problem Solving
