

APT. SYIFA RIFANA SALSABILA, S.FARM

089653030989 | syifarifanasalsabila@gmail.com | www.linkedin.com/in/syifa-rifana-salsabila

Fresh graduate pharmacist from Universitas Andalas with a GPA of 3.99/4.00 and internship experience in the pharmaceutical industry, particularly in laboratory documentation, BPR review, SOP handling, and GMP/CPOB implementation. Familiar with laboratory activities, analytical testing, and research-based data evaluation through academic research involving FTIR and chemometric analysis. Detail-oriented, adaptive, and eager to develop a career in Analytical Development and pharmaceutical research.

WORK EXPERIENCES

PT. LAPI Laboratories - Jl. Modern Cikande Real Estate Kav.18
Serang Banten, Indonesia

Jul 2025 - Aug 2025

QC Intern – Microbiology Division

A pharmaceutical manufacturing company engaged in the development, production, and quality control of pharmaceutical products, operating in compliance with Good Manufacturing Practice (CPOB/GMP) standards.

- Reviewed Batch Production Records (BPR) to ensure full compliance with Good Manufacturing Practice (GMP/CPOB) requirements and maintained data integrity throughout production processes.
- Supported Quality Control (QC) operations and contributed to the implementation of quality management systems in the production environment.
- Assisted in developing and revising Standard Operating Procedures (SOPs) for microbiological testing, including analytical procedures for raw materials and finished products.
- Performed evaluation and interpretation of laboratory testing results to verify compliance with predefined specifications and regulatory standards.
- Reviewed media fill validation results to support aseptic process validation and ensure sterility assurance in manufacturing.
- Conducted proper segregation and handling of microbiological laboratory waste in accordance with safety, hygiene, and regulatory guidelines.

PT. Mahesa Anugrah Medica - Jl. Batung Taba Nan XX, Kec. Lubuk
Begalung, Kota Padang, Sumatera Barat

Jun 2025

Pharmacist Intern

Supported distribution activities, monitored inventory, ensured proper storage, and assisted regulatory documentation.

- Supported pharmaceutical distribution processes in accordance with CDOB standards
- Monitored inventory accuracy and stock movement
- Ensured proper storage conditions for pharmaceutical products and assisted in regulatory compliance and administrative documentation

Sep 2023 - Dec 2024

Assistant

Academic laboratory supporting pharmacy practical training in sterile, analytical, and compounding fields.

- Assisted practical sessions for 25–27 students per semester
- Pharmaceutical Laboratory Assistant - Drugs Compounding (2023)
- Pharmaceutical Chemistry Laboratory - Quantitative Pharmaceutical Chemistry (2024)
- Pharmaceutical Laboratory Assistant - Drugs Compounding (2024)
- Pharmaceutical Laboratory Assistant - Sterile Preparations (2024)

EDUCATION

Universitas Andalas - Padang, Indonesia

Feb 2025 - Apr 2026

Professional Degree Pharmacist, 3.99/4.00

Universitas Andalas  - Padang, Indonesia

Aug 2021 - Jan 2025

Bachelor of Pharmacy, 3.68/4.00

- Final Research: "Detection of Rat Meat in Satay Padang for Halal Authentication Using FTIR Spectroscopy Combined with Chemometrics". Including sample preparation and spectral data acquisition. Performed data processing and analysis using Microsoft Excel and chemometric methods via SIMCA, applying multivariate analysis to classify and differentiate sample compositions, and interpreting results to identify non-halal contamination in food products (2024)
- International Halal Product Development Conference - Presenter (2024)
- PKM RE funding winner with the title "Effectiveness Test of Dried Guava Leaf Water Brew as an Anticancer Against T47D Breast Cancer Cells In Vitro" - Member (2023)

ORGANISATIONAL EXPERIENCE

Dewan Perwakilan Mahasiswa (DPM KM FF UNAND) - Padang, Indonesia

Feb 2024 - Nov 2024
