An adaptive, inquisitive, detail-oriented, performance-driven, and easygoing Registered Pharmacist from Universitas Pancasila with a strong interest in pharmaceutical technology. I have an internship experience with pharmaceutical industry setting in the Quality Control and Quality Assurance Division, which gave me a comprehensive understanding of current Good Manufacturing Practice (GMP), Good Laboratory Practice (GLP), qualification, validation, sample testing and evaluation, handling Out-of-Specification (OOS) cases, research study, drug development, and Good Documentation Practice (GDocP). At the present time, I have grown interest in drug manufacturing, drug formulation, research study, and product development. I am enthusiastic to kick-start an opportunity, which could further deepen my learning to contribute with an effective, efficient, and impactful research.

Work Experiences

PT. United Dico Citas – South Jakarta, Indonesia <i>Pharmacist Internship</i>	Mar 2025
• Ensure every invoices and purchase orders for psychotropic, precursors, and controlled medicines are in compliance with applicable regulations by requirements and quantity. • Draft rejection letters for purchase orders that do not comply with pharmaceutical distribution regulations. • Assist the Responsible Pharmacist with monthly stock inventory and routine data logger checks and calibration for cold chain product.

• Prepare materials including simplicia, reagents, active pharmaceutical ingredient, and excipients for laboratory activities. • Supervise and guide students during laboratory sessions involving phytochemical screening, identification tests, raw material requirement calculations, drug compounding, and labeling. • Assess student's performance based on active participation, conceptual understanding, and laboratory techniques.	

Education

Universitas Pancasila – South Jakarta, Indonesia <i>Pharmacist Professional Programme</i>	Sep 2024 - Oct 2025
• GPA: 3.86/4.00 (Cum Laude)	
Universitas Pancasila – South Jakarta, Indonesia <i>Bachelor of Pharmacy</i>	Aug 2019 - Nov 2023
• GPA: 3.28/4.00 • Final Project Research Area: Pharmaceutical Technology and Phytopharmaceutical	

Course and Training

• Penyelia Halal (Halal Supervisor) , by Latih	Feb 2026
• Cosmetic Formulation Science (OLAY) , by Coursera	Jan 2026
• Good Laboratory Practice , by Makin Ahli	Dec 2025
• Regulatory Officer in Traditional and Herbal Industry , by Latih	Nov 2025

Publications

Kosasih, K., & Weningtyas, F. (2024). Capsule Dosage Forms Containing Natural Antioxidant Microcapsules of Cantigi Extract. Journal of Health and Medical Sciences, 7(2), 41-50. DOI: 10.31014/aior.1994.07.02.317

Organization Experiences

- **Event Division Member** – Student Orientation (PKKMB) Faculty of Pharmacy, Universitas Pancasila **Sep – Oct 2022**
- **Facilitator** – Student Orientation (PPKMB), Universitas Pancasila **Sep 2022**
- **Event Division Member** – International Webinar SEMA FF-KMUP and IPSA Malaysia, Universitas Pancasila **May 2021**

Achievements and Awards

- **Bronze Medal** – International Innovation and Invention New Education (I3NEW), New World Education Romanian Association (NWERA) **Des 2023**
- **Graduate Honor for Outstanding Student Non-Academic Category** – Universitas Pancasila **Nov 2023**
- **Gold Medal** – World Science Environment and Engineering Competition (WSEEC), Indonesian Young Scientist Association (IYSA) **Aug 2023**

Skills

- **Language Skills:** Indonesia, English (Intermediate, certified by LBPP LIA).
- **Technical Skills:** basic laboratory equipment, quantitative analytical instrument (spectrophotometer UV-Vis), basic Good Manufacturing Product (GMP), basic Good Document Practice (GDocP), research study, drug formulation, Microsoft Office (Excel, Word, PowerPoint).
- **Personal Skills:** adaptive, dicipline, attention to details, proactive, multidisciplinary teamwork, problem-solving, analytical thinking, effective communication.
