WORK EXPERIENCE

PUSKESMAS KECAMATAN DUREN SAWIT

East Jakarta, ID

Clinical and Community Pharmacist – Student Internship

APR 2026

- Engaged with 300+ patients through end-to-end clinical pharmacy services, including prescription screening, dispensing, compounding, and patient-centered counseling to optimize therapy outcomes and user understanding
- Conducted interactive health promotion about gastroesophageal reflux disease (GERD) to 30+ outpatients and education on appropriate use of OTC and prescription therapies, fostering two-way communication to increase awareness
- Collaborated with healthcare professionals and observed the implementation of national healthcare programs (e.g., vaccines, TB, HIV/AIDS, hepatitis, and birth control), gaining exposure to large-scale program execution and stakeholder coordination

PT MASIVA GUNA (PBF ROXY)

Central Jakarta, ID

Distribution Pharmacist – Student Internship

MAR 2026—APR 2026

- Supported end-to-end daily order fulfillment for 45 Roxy outlets, ensuring timely and accurate distribution to maintain customer satisfaction
- Collected and analyzed Roxy outlets' feedback related to order fulfillment (e.g., incorrect or incomplete orders), identified recurring issues to improve service quality and overall user experience

RUMAH SAKIT UMUM PUSAT PERSAHABATAN

East Jakarta, ID

Clinical Pharmacist – Student Internship

JAN 2026—FEB 2026

- Engaged with 600+ patients through end-to-end clinical pharmacy services, including prescription screening, drug dispensing and compounding, and patient-centered counseling, optimizing therapy outcomes and user comprehension
- Performed therapeutic drug monitoring for 10+ inpatients and collaborated with multidisciplinary teams during ward rounds and medication reconciliation, gaining exposure to cross-functional decision-making and stakeholder alignment
- Conducted interactive hospital health promotion about proper medication management (DAGUSIBU) to 50+ outpatients, fostering two-way communication to increase engagement and awareness of handling medications
- Analyzed ICU antibiotic utilization (ATC/DDD) to generate data-driven insights about antimicrobial stewardship

PT BINTANG TOEDJOE (A KALBE COMPANY)

East Jakarta, ID

Industrial Pharmacist (QA, CSV) – Student Internship

NOV 2025—DEC 2025

- Executed Computerized System Validation (CSV) by developing risk assessment (RA) and qualification protocols (IQ/OQ) based on User Requirement Specifications (URS), to verify system performance and regulatory compliance (GxP, CPOB, and data integrity)
- Conducted User Acceptance Testing (UAT) and gathered feedback from prospective users to enhance system alignment
- Created a monitoring dashboard with data visualization, improving tracking efficiency and data visibility across departments

APOTEK ROXY BIAK

Central Jakarta, ID

Community Pharmacist – Student Internship

OCT 2025

- Engaged with 50+ patients to understand needs and provide self-medication recommendations, enhancing user experience through effective communication and supporting informed decision-making
- Conducted prescription screening of polypharmacy prescriptions, identifying potential drug-related problems

KLINIK SATELIT UNIVERSITAS INDONESIA MAKARA
Pharmacy Technician—Contract

Depok, ID
AUG 2024—DEC 2024

- Delivered clinical pharmacy services for 70+ patients daily, including dispensing and compounding medications while maintaining clear documentation of drug usage
- Provided patient-centered counseling for 20+ patients daily, adapting communication for foreign patients using English to overcome language barriers, ensuring clear understanding and improving user experience
- Conducted weekly stocktaking and supported inventory management to ensure product availability

MINISTRY OF HEALTH, REPUBLIC OF INDONESIA
Intern at Directorate of Pharmaceutical Production and Distribution

Jakarta, ID
JUL 2023—AUG 2023

- Reviewed and validated up-to-date pharmaceutical information of products listed in Kamus Farmasi & Alat Kesehatan (KFA) of Kementerian Kesehatan RI, ensuring data accuracy and consistency to support reliable user access to information
- Analyzed nationwide utilization data of narcotics and psychotropics from healthcare facilities using national e-reporting system (SIPNAP, Jan 2021—Jun 2023), generating data-driven insights to improve data accessibility
- Compiled a global dataset of 2700+ WHO Essential Medicines across international markets, particularly oncology medicines

PROJECT/ORGANIZATION EXPERIENCE
