

MALIA ANDANI

081292204636 | maliaandanikerja@gmail.com | <http://linkedin.com/in/malia-andani-0a5699328>

Licensed Pharmacist and graduate of UIN Syarif Hidayatullah Jakarta with cross-functional exposure across pharmaceutical industry departments at PT Actavis Indonesia. Familiar with quality systems, SOP implementation, documentation, process control, inventory management, and compliance within pharmaceutical operations. Proficient in Microsoft Office and analytical software, with strong interpersonal communication and teamwork skills. Actively involved in organizational and committee activities that have strengthened leadership, coordination, and problem-solving abilities. Detail-oriented, adaptable, highly motivated, and capable of working effectively in dynamic and fast-paced environments while continuously developing professional competencies.

Professional Work Experience

Halodoc - Bogor, Indonesia

Sep 2024 - Feb 2025

Pharmacy Technical Staff

- Actively contributed to large-scale pharmaceutical operations involving the management of >25,000 medication SKUs per month and tens of thousands of active SKUs, including receiving, storage, routine stock opname, and inventory monitoring to ensure stock accuracy, medication availability, and operational efficiency in pharmacy services.
- Handled >600 prescriptions and pharmacy transactions per day (>18,000/month) within a digital telepharmacy service, including medication dispensing, preparation, and verification with a strong focus on accuracy, efficiency, patient safety, and service quality.
- Maintained the quality and safety of pharmaceutical products through FEFO/FIFO implementation, storage monitoring, and disposal management of >100 medication items across various dosage forms to support compliance, minimize medication errors, and ensure patient safety standards.

Practical Work Experience of Pharmacist Profession

UPTD Puskesmas Pisangan - Tangerang, Indonesia

Sep 2025 - Oct 2025

- Managed high-volume pharmaceutical operations involving the processing and verification of >130 prescriptions per day, comprehensive documentation, regulatory reporting, medication procurement, inventory control (FIFO/FEFO), and routine stock monitoring, while ensuring compliance with pharmaceutical regulations, reporting accuracy, operational efficiency, and quality standards within pharmacy services.

PT Millennium Pharmacon International, Tbk - Bogor, Indonesia

Sep 2025

- Managed end-to-end pharmaceutical and medical device distribution processes in compliance with CDOB and CDAKB standards, including receiving, transit, storage, temperature monitoring, cold chain product (CCP) handling, shipment validation, inventory control, and routine stock opname. Oversaw quality control and regulatory documentation for >100,000 SKUs, quarantine management of >1,000 SKUs, transaction reporting, and product return processes to ensure product integrity, traceability, operational efficiency, audit readiness, and full compliance with pharmaceutical distribution regulations.

PT. Actavis Indonesia - Jakarta, Indonesia

Jul 2025 - Sep 2025

- Gained cross-functional exposure to end-to-end pharmaceutical manufacturing operations across Quality Assurance (QA), Quality Control (QC), Production, PPIC, Warehouse, and Regulatory Affairs within a GMP/CPOB-compliant pharmaceutical manufacturing environment.
- Participated in quality and compliance activities including SOP review and implementation, deviation monitoring, batch documentation assessment, inventory control, raw material and finished product testing, as well as regulatory dossier evaluation aligned with BPOM and international pharmaceutical standards.
- Contributed to qualification and validation activities for more than 10 production machines and supported In-Process Control (IPC) operations for multiple dosage forms including tablets, syrups, powders, and semi-solid preparations to ensure process consistency, contamination control, and GMP compliance.
- Supported SOP preparation, manufacturing documentation review, quality system implementation, CAPA awareness, and audit readiness activities to maintain operational standardization and data integrity compliance across manufacturing operations.
- Executed and observed full manufacturing workflow from dispensing, processing, filling, packaging, until secondary packaging operations while ensuring adherence to GMP, SOP, and line clearance procedures across more than 100 production batches.
- Supported MPCR review, line clearance verification, and production line analysis activities to identify process improvement opportunities, reduce batch-related errors, and improve manufacturing workflow efficiency.
- Collaborated with multidisciplinary teams to support regulatory compliance for local and export-oriented pharmaceutical products within a highly regulated manufacturing environment.
- Demonstrated strong analytical thinking, adaptability, attention to detail, problem-solving, professional communication, and the ability

to work effectively in fast-paced quality-driven pharmaceutical operations.

Fatmawati Central General Hospital - Jakarta, Indonesia	Mar 2025 - Mei 2025
Experienced in high-volume pharmaceutical operations within regulated healthcare environments, including prescription processing, sterile preparation, pharmacovigilance reporting, medication safety monitoring, and pharmaceutical documentation. Skilled in handling IV admixtures, TPN, cytotoxic preparations, and radiopharmaceuticals while ensuring compliance with operational procedures, quality standards, traceability, and patient safety protocols. Demonstrated strong analytical, coordination, and problem-solving abilities through therapy monitoring projects, case evaluations, and cross-functional collaboration across multiple critical care units.	

Internship Experience

Salva Medika Pharmacy - Bekasi, Indonesia	Jun 2025 - Jul 2025
Dr. H. Marzoeki Mahdi Psychiatric Hospital - Bogor, Indonesia	Jul 2023 - Agt 2023
Medika Dramaga Hospital - Bogor, Indonesia	Jul 2019 - Sep 2019
Dr. M. Hassan Toto Air Force Hospital - Bogor, Indonesia	Jan 2019 - Feb 2019
Pulo Armyn Public Health Center - Bogor, Indonesia	Des 2018 - Jan 2019

Education Level

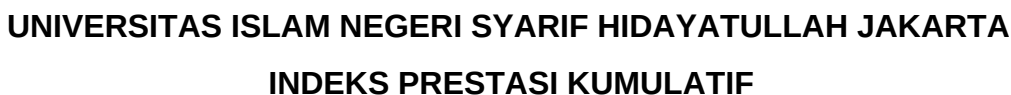

Universitas Islam Negeri Syarif Hidayatullah Jakarta - Tangerang Selatan <i>Professional Pharmacist Program</i> GPA : 3.98/4.00 (Magna Cum Laude)	Feb 2025 - Feb 2026
Universitas Islam Negeri Syarif Hidayatullah Jakarta - Tangerang Selatan <i>Bachelor of Pharmacy</i> GPA : 69/4.00 (Cumlaude)	Sep 2020 - Jul 2024
SMK Kesehatan Dwi Putri Husada - Bogor <i>Pharmacy Major</i>	Jun 2017 - Jun 2020

Organizational Experience

Student Executive Board of Faculty of Health Sciences UIN Syarif Hidayatullah Jakarta - Tangerang Selatan <i>Chairperson of Leadership and Student Management Training Program (LKMM)</i>	Jul 2022 - Oct 2022
- Developed the overall concept and objectives of the LKMM program, established the organizing committee structure and task distribution, prepared detailed project timelines, and managed budgeting and funding identification processes. - Led committee coordination meetings and supervised the overall implementation of LKMM activities, ensuring smooth operations, effective cross-functional coordination, and timely problem-solving throughout the event execution. - Collected and analyzed participant and committee feedback, conducted post-event evaluations, and prepared comprehensive final reports to support performance assessment and continuous improvement initiatives.	
Student Executive Board of Faculty of Health Sciences UIN Syarif Hidayatullah Jakarta - Tangerang Selatan <i>Head of Discipline Commission</i>	Jun 2022 - Aug 2022
- Developed and implemented rules, regulations, and disciplinary procedures for the Student Orientation Program (PKKMB) to ensure organized and compliant event execution. - Supervised the overall implementation of PKKMB activities to ensure adherence to established regulations, handled violation reports, enforced appropriate disciplinary actions, and educated new students on the importance of discipline and professionalism. - Coordinated with organizing committees and faculty representatives while preparing activity reports and evaluation documents to support effective program management and continuous improvement.
