Fresh Graduate Pharmacist with practical experience in pharmaceutical industry, quality systems, and pharmaceutical operations, complemented by training in CPOB, QA/QC, PPIC, pharmaceutical risk management, and sterile manufacturing. Identified and analyzed 15+ production process gaps through SOP and CPOB review, contributed to CAPA, documentation, and developed 5+ process improvement proposals focused on efficiency, safety, and resource utilization. Brings a strong technical and analytical foundation, a structured approach to problem solving, attention to detail, and the ability to work and communicate effectively with others. Eager to keep learning and contribute to quality focused and efficient pharmaceutical industry.

## EXPERIENCE

### PT B. Braun Pharmaceutical Indonesia - Karawang, Indonesia

Mar 2026 - May 2026

#### Pharmacist Professional Practice | Pharmaceutical Industry

- Gained practical exposure to sterile pharmaceutical manufacturing, with emphasis on hygiene, contamination control, and GMP practices.
- Studied the end to end manufacturing process, from clean utilities and pharmaceutical water systems (PW/WFI), equipment and AHU operation, through solution preparation, filling, sterilization, packaging, IPQC, and warehouse flow.
- Identified and analyzed 15+ production process gaps through SOP to actual comparison covering process, safety, and ergonomic aspects.
- Developed and documented 5+ production improvement proposals based on direct observation and structured problem analysis.
- Conducted direct discussions with Production Head and Shift Leaders about troubleshooting, contributing process considerations.
- Reviewed and verified Batch Manufacturing Records (BMR) to assess process documentation, operator records, verification, and batch traceability.
- Analyzed critical production machine parameters, particularly autoclave sterilization.
- Reviewed B. Braun Romania SOP on bottle manufacturing technology and material composition.
- Supported product verification, relabeling, and traceability activities for imported pharmaceutical products.
- Contributed to CAPA and deviation related activities, with cross functional exposure to QM/QC, validation, qualification, calibration, and quality systems.

### Ikatan Senat Mahasiswa Farmasi Seluruh Indonesia (ISMAFARSI)

Jul 2022 - Jul 2024

#### Vice President of Potential Development

- Led national student development initiatives involving 115+ pharmacy education institutions across Indonesia.
- Initiated and coordinated 20+ national scale programs focused on capacity building and potential development.
- Collaborated with external stakeholders, including pharmaceutical industry and government partners.

### Ikatan Duta Bahasa Sumatra Barat (IKADUBAS SUMBAR) - West Sumatra

Jun 2024 - Jun 2025

#### Secretary Department of Partnerships

- Managed 10+ institutional partnerships and standardized collaboration processes.
- Increased program reach by 40-50%.
- Achieved 140% of the annual KPI target.

## EDUCATION BACKGROUND

### Universitas Andalas - Padang, Indonesia

Aug 2025 - Sep 2026

#### Pharmacist Professional, 3.94/4.00

- Honors : Summa Cum Laude
- Professional Practice Exposure: 5 pharmacy practice settings across Pharmaceutical Industry, Pharmaceutical Distribution, Hospital, Primary Healthcare, and Aesthetic Clinic Pharmacy.
- Completed 10 industry relevant training programs.

### Universitas Andalas - Padang, Indonesia

Aug 2021 - Jun 2025

#### Bachelor of Pharmacy, 3.52/4.00

- Honors : Cum Laude.
- 50+ national speaking & representation experiences.
- 35+ national student development & leaderships programs.
- 20+ major national pharmacy forums.
- Vice President of Potential Development, ISMAFARSI (2022–2024).
- Duta Bahasa Provinsi Sumatra Barat (2024), Duta Wisata Kota Padang (2023), and Duta GenRe Universitas Andalas (2022)
- Laboratory Teaching Assistant (2024–2025).

- Fully & Special Funded National Community Empowerment Programs — Mentawai (2025) and Banda Neira (2024).
- Supervisor Medical Division, IYA (2024).
- Brand Ambassador Ruang Obat (2024).
- National Competition Judge, Pharmacy Counseling Competition — Bogor (2023).
- Guest of Honor, PIT IAI - Sukoharjo (2023).
- Virtual International Student Exchange Program — Malaysia (2023).
- Most Outstanding Student Nominee, National Pharmacy Student Awards — Manado (2022).

## TECHNICAL EXPERIENCE & PROFESSIONAL DEVELOPMENT

---

### Faculty of Pharmacy, Andalas University

Feb 2024 - Jul 2025

#### Laboratory Teaching Assistant

Laboratory Teaching Assistant across 3 pharmaceutical laboratory disciplines.

- Natural Products Chemistry | Guided 160+ students in extraction, concentration, TLC screening, secondary metabolite identification and compound isolation.
- Physicochemical Analysis | Guided students in pharmaceutical instrumental analysis using UV-Vis, FTIR, HPLC, GC-MS, and other instruments, including analytical procedurs and result interpretation.
- Pharmaceutical Microbiology | Guided hands on laboratory sessions covering reagent preparation, microbial cultivation, gram staining, Total Plate Count (TPC), yeast/mold testing, troubleshooting, and practical result evaluation.

### Relevant Professional Training

Completed 10+ industry relevant training programs.

- Sterile Pharmaceutical Manufacturing | Validation & Aseptic Dispensing | Solid Dosage Manufacturing | Production Planning & Inventory Control (PPIC) | QA & QC | Pharmaceutical Risk Assessment & Management | Pharmaceutical Supply Chain | Good Hygiene Practice | Vaccine Cold Chain Management | Halal Pharmaceutical Assurance

## PROJECTS & COMPETENCIES

---

- **Selected Projects** : Purified Water Flow Control Improvement | PPE Compliance Improvement | Manual Reject Counter Visual Differentiation | Solution Preparation Ergonomics & Safety | Material Handling Optimization
- **Core Competencies**: Pharmaceutical Production | Sterile Manufacturing | GMP / CPOB Compliance | CAPA & Deviation Handling | Gap Analysis | Improvement | Risk Assessment | Documentation | Pharmaceutical Supply Chain | PPIC | Material Handling | Traceability | BMR
