Informatics Engineering fresh graduate from Universitas Gunadarma with paid freelance experience delivering production web applications for real clients. Built and maintained systems for zakat management, airport public information, and basketball club operations, covering development, deployment, technical SEO, and post-launch support. Primarily focused on Laravel/PHP with additional experience in React and Next.js, while using AI-assisted development workflows for implementation, debugging, testing, and iteration. Seeking entry-level opportunities as a Web Developer, Frontend Developer, Full-Stack Developer, or Backend Developer.

Work Experience

Self-Employed - Depok, Indonesia / Remote Jan 2026 - Present

Freelance Full-Stack Web Developer

- Work directly with clients to translate operational requirements into live web applications, covering development, deployment, revisions, and post-launch support.
- Manage Git workflows, production configuration, database deployment, CI/CD, and hosting across Vercel and shared-hosting environments.

Universitas Gunadarma - Depok, Indonesia Mar 2025 - Aug 2026

Programmer - Basic Management Laboratory

- Supported weekly laboratory operations and technical sessions for 40+ students across 5 regions, including hardware/software troubleshooting and software readiness.
- Maintained an internal laboratory management system serving 35+ classes and 1,000+ students, covering schedules, materials, attendance, assessments, grades, and reporting.
- Developed practicum modules and provided technical support during laboratory sessions.

Selected Projects

ZakatAnNur - Zakat & Infaq Management System Jan 2026 - Feb 2026

Laravel, PHP, MySQL, Tailwind CSS, Alpine.js | zakatannur.com

- Developed a zakat and infaq management system for Masjid An-Nur that processed 2,595 transactions totaling approximately IDR 290.6M and 1,323.3 kg of rice.
- Implemented automated zakat calculations, PDF receipts, audit trails, public financial reporting, and a hybrid RAG-based AI assistant.

KalimaraU Airport Website & CMS Jul 2026 - Aug 2026

Laravel, Filament, PHP, MySQL | bandara-kalimaraU.com

- Migrated the official public-information website of BLU UPBU Kelas I KalimaraU from WordPress to Laravel and Filament, including a CMS used by airport administration and public-relations staff.
- Built modules for flight information, news, public documents, and website content, with technical SEO, Google Search Console, audit logging, backups, and ongoing post-launch support.

Adora Basketball Club Management Platform Apr 2026 - Jun 2026

Next.js, React, TypeScript, PostgreSQL, Prisma | adorabbc.com

- Developed a full-stack club management platform used by 2 admins, 2 coaches, and 80+ parents for registration, attendance, player evaluation, and digital report cards.
- Implemented RBAC, protected file access, PDF report generation, AI-assisted coach notes, automated testing, technical SEO, and production deployment on Vercel.

Education

Universitas Gunadarma - Depok, Indonesia Sep 2022 - Aug 2026

Bachelor's Degree in Informatics Engineering | 3.66 / 4.00

- Undergraduate Thesis: Implementation of an AI Assistant Using a Hybrid Retrieval-Augmented Generation Architecture for the Masjid An-Nur Zakat Management Information System

Organizational Experience

BEM FTI Universitas Gunadarma

Oct 2025 - Aug 2026

Internal Control Unit

- Monitored and evaluated 86 organizational activities, including 27 approved work programs, to support internal accountability and execution.
- Implemented KPI-based performance monitoring and coordinated internal evaluations with the Secretary General and Human Resources Development Bureau.
- Conducted direct monitoring and internal issue resolution when matters could not be resolved at bureau, department, or division level.
- Managed 23 disciplinary actions, including warnings, sanctions, and formal corrective actions to support organizational discipline.

BEM FTI Universitas Gunadarma

Oct 2024 - Sep 2025

Head of Human Resources Development

- Led and coordinated Human Resources Development programs, internal team activities, and member-development initiatives.
- Managed coordination across team members and supported organizational planning and execution.
- Contributed to internal evaluation, member development, and cross-division collaboration.

BEM FTI Universitas Gunadarma

Oct 2023 - Sep 2024
