PROFESSIONAL SUMMARY

Registered Pharmacist with pharmaceutical manufacturing internship and research experience in analytical testing, QC, and R&D formulation. Hands-on exposure to UV-Vis spectrophotometry, TLC testing, physical testing, sample preparation, and analytical data processing. Familiar with GMP/CPOB, GLP, pharmaceutical laboratory practices, formulation development, and technical documentation.

EDUCATION

Universitas Islam Indonesia — Yogyakarta, Indonesia <i>Professional Degree GPA: 3.72 / 4.00</i>	<i>Aug 2024 – Sep 2025</i>
Universitas Borneo Lestari — Banjarbaru, Indonesia <i>Bachelor of Pharmacy GPA: 3.65 / 4.00</i>	<i>Aug 2019 – Oct 2023</i>

INTERNSHIP EXPERIENCE

IKOP Pharma Sdn Bhd <i>Pharmacist Intern</i>	<i>Apr 2025</i> Kuantan, Malaysia
- Conducted physical and weight testing of semi-solid products across multiple batches for product quality evaluation - Participated in R&D formulation training, including master formula development for aqueous gel formulations. - Collected purified water samples and supported microbiological sample preparation with the QC team. - Performed environmental monitoring including particle count, ACH, temperature, and humidity in GMP-controlled production areas.	
Lembaga Farmasi TNI Angkatan Udara <i>Pharmacist Intern</i>	<i>May 2025</i> Bandung, Indonesia
- Conducted simulated TLC testing with the QC team based on GLP principles. - Developed a draft SOP for In-Process Control (IPC) of dry syrup antibiotics to support standardized documentation - Performed primary packaging activities in compliance with GMP documentation requirements.	
Universitas Borneo Lestari <i>Undergraduate Researcher</i>	<i>Aug 2023</i> Banjarbaru, Indonesia
- Performed UV-Vis spectrophotometric analysis to measure sample absorbance in an in vitro study of the anticholesterol activity of <i>Premna cordifolia</i> leaf infusion. - Processed spectrophotometric data to support evaluation of research results.	

SKILLS

Technical: UV-Vis Spectrophotometry, TLC Testing, Physical Testing, Sample Collection & Preparation, Microbiological Sample Preparation, Analytical Data Processing, R&D Formulation, Master Formula Development, GMP/CPOB, GLP, BMR Review, IPC, SOP Development, Environmental Monitoring, Temperature Mapping.

Soft Skills: Analytical Thinking, Attention to Detail, Problem Solving, Data Accuracy, Teamwork, Communication, Adaptability.

Languages: Indonesian (Native), English (Professional Working Proficiency).

Software: Microsoft Excel, Microsoft Word, Microsoft PowerPoint.

ADDITIONAL INFORMATION

Available to join immediately and willing to be placed in Depok.

LICENSES & CERTIFICATIONS

- Registered Pharmacist (STRA)** (2025) — *Konsil Tenaga Kesehatan Indonesia*
- Pharmacist Professional Competency Certificate** (2025) — *Kolegium Farmasi Indonesia*
- Cara Pembuatan Obat yang Baik (CPOB) Training** (2026) — *Makin Ahli*
- ISO 9001:2015 Quality Management System Training** (2026) — *Makin Ahli*
