Perumahan Taman Kota Block C2 No. 5 RT 06 RW 16, Bekasi Jaya Subdistrict, East Bekasi District, Bekasi City, West Java Province

I am a fresh graduate with a strong motivation to learn and grow in a professional corporate environment. I have an educational background that has developed my analytical thinking, discipline, and problem-solving skills. I also actively enhanced my communication abilities by joining an English Club, where I won a city-level storytelling competition, demonstrating my confidence in public speaking and structured communication. I obtained a TOEFL ITP score of 520, reflecting my strong English proficiency. I am accustomed to working in teams, managing tasks responsibly, and adapting to new challenges. With high enthusiasm, integrity, and a growth mindset, I am committed to contributing positively while continuously improving my professional skills.

Freelance Daily Worker at Warehouse ShopeeX Logos

Warehouse Logos ShopeeX is a fulfillment and logistics warehouse operating under the ShopeeX ecosystem, responsible for managing the end-to-end storage, processing, and distribution of e-commerce goods for Shopee's marketplace platform. The facility handles high-volume order fulfillment operations, ensuring that products are accurately received, sorted, packed, and dispatched to customers in a timely and efficient manner. As part of the warehouse operations team, the role involves maintaining inventory accuracy, adhering to standard operating procedures (SOPs), and supporting the overall supply chain process to meet the demands of one of Southeast Asia's largest e-commerce platforms

- Loading and unloading goods from trucks: Loading and unloading packages from the truck.
- Sort by Destination: Separating items by delivery area (destination address) to facilitate delivery by the courier.
- Physical Inspection: Checking the completeness and security of the packaging, and ensuring the tracking number (AWB) is clearly visible.
- Grouping: Grouping packages by courier or specific delivery area.
- Finishing & Arrangement: Arranging goods in the appropriate place based on the route, including the put away process or placement of goods.
- Grouping: Grouping packages by courier or specific delivery area.
- Finishing & Arrangement: Arranging goods in the appropriate place based on the route, including the put away process or placement of goods.

Content Creator

Misimaster — Content Creator

YouTube | Instagram | TikTok | and other platforms

Misimaster is an independent digital media brand focused on creating engaging and entertaining content across multiple social media platforms, including YouTube, Instagram, TikTok, and more. As the founder and sole content creator behind Misimaster, I am responsible for conceptualizing, producing, editing, and publishing original content tailored to diverse audiences. The brand is built around delivering consistent, high-quality content that grows an online community and fosters meaningful engagement with viewers and followers across all platforms.

- Gameplay Content Production — Recorded, edited, and published gameplay videos across various game genres including action, RPG, strategy, and mobile games, delivering entertaining and informative content for gaming audiences.
- Gaming Tips & Tutorials — Produced beginner-to-advanced tutorial content including game guides, walkthroughs, hidden tips & tricks, and character/build recommendations to help viewers improve their gameplay.
- Gaming News & Updates — Covered the latest gaming news, patch updates, new character releases, and in-game events to keep the community informed and up to date.
- Trending & Viral Gaming Content — Developed short-form content (Reels, TikTok, YouTube Shorts) based on viral gaming trends,

memes, and challenges to maximize reach and engagement.

- **Thumbnail & Graphic Design** — Designed eye-catching thumbnails and visual assets for all published content to optimize click-through rates and maintain consistent brand identity.
- **SEO & Content Strategy** — Managed content planning, keyword research, upload scheduling, and analytics monitoring to grow channel performance and audience retention across platforms.
- **Brand & Community Building** — Built and maintained an engaged online gaming community through consistent interaction in comments, community posts, and social media engagement.
