Summary

Fresh Graduate Pharmacist with internship experience in pharmaceutical manufacturing and technical support, with exposure to GMP/CPOB compliance, process validation, in-process quality control, production workflows, and product scale-up. Highly adaptable, analytical, and detail-oriented. Eager to contribute and grow in Production or Manufacturing within the pharmaceutical industry.

Experience

Technical Support Internship 03/2025 – 04/2025
PT. Mersifarma Tirmaku Mercusana, Sukabumi

- Monitored batch trial manufacturing processes to ensure compliance with GMP/CPOB standards.
- Supported process validation and product scale-up activities to ensure consistency between development and commercial manufacturing stages.
- Conducted in-process control (IPC) including weight uniformity, hardness, friability, and disintegration testing for solid dosage forms (tablets/capsules).
- Assisted in process optimization and preparation of manufacturing batch documentation.
- Collaborated with production and quality teams to support smooth and compliant manufacturing operations.

Pharmaceutical Distribution (PBF) Internship 02/2025
PBF PT. Bersinar Mandiri Sukses, Surakarta

- Managed pharmaceutical inventory using FIFO and FEFO principles to ensure product quality and minimize expiry risk.
- Processed and filed purchase orders and invoices in compliance with GDP/CDOB documentation standards.
- Assisted in order fulfillment and conducted routine stock reconciliation.

Hospital Pharmacy Internship 12/2024 – 01/2025
RSPAL Ramelan, Surabaya

- Delivered clinical pharmacy services for BPJS and non-BPJS patients, including drug therapy monitoring and medication reconciliation.
- Conducted patient counseling and adverse drug reaction (ADR) monitoring.
- Managed medication storage and ensured proper warehouse organization in accordance with storage requirements.

Community Pharmacy Internship 10/2024 – 11/2024
Kimia Farma Hertasening Pharmacy, Makassar

- Dispensed prescription and non-prescription medications accurately and efficiently.
- Conducted MESO (Monitoring Efek Samping Obat / Adverse Drug Reaction Monitoring) reporting.
- Provided medication counseling to patients on proper drug use and adherence.

- Maintained and organized pharmaceutical inventory records to ensure stock accuracy.
- Assisted in dispensing and compounding medications under pharmacist supervision.

Education

- Pharmacist Professional Program (Apoteker) 2024 – 2025
Sanata Dharma University
GPA: 3.44 / 4.00
- Bachelor of Pharmacy (S.Farm.) 2020 – 2024
Sanata Dharma University
GPA: 2.88 / 4.00
