Cakung, East Jakarta - 13940

EDUCATION

Diponegoro University

Biology

2020 - 2024

GPA: 3.69 / 4.00

SKILLS

- Laboratory Equipment Operating (Autoclave, Incubator, Laminar Air Flow, Micropipette, etc.)
- Microbiology Analysis (Culture, Isolation, Identification)
- Google Workspace
- Microsoft Office
- Canva
- Analytical Thinking
- Problem Solving
- Teamwork
- Interpersonal Communication

LANGUAGE

- English (Intermediate)

PROFILE

Biology graduate with expertise in microbiology research and experience in scientific publication, seeking an entry-level position in the science and technology industry. Eager to apply academic knowledge gained through practical work and training experience to contribute effectively to research and development, microbiology analysis, and quality control.

EXPERIENCES

Quality Control (QC) Freelance

June - December 2025

PT Morrigan Services

- Checked the grammar of questionnaire reports completed by shopper agents in accordance with company standards.
- Verified questionnaire responses using supporting photos and videos collected during shopper agents' visits to client business branches.

Researcher

August 2023 - July 2024

Biotechnology Laboratory, Diponegoro University

- Researched the effect of SCOBY starter at different concentration levels on the pH, total titratable acidity, ethanol content, antioxidant activity, organoleptic quality, and total microbial count of curcuma kombucha.
- Wrote a thesis entitled "Physicochemical Characteristics of Curcuma Kombucha at Different Concentration Levels of SCOBY Starter", based on research findings that showed significant effects as the starter concentration increased.

Co-Researcher

July - December 2022

Biotechnology Laboratory, Diponegoro University

- Researched the ability of coconut shell liquid smoke to inhibit mold growth in chilies and potatoes, resulting in the identification of the most effective concentration of liquid smoke.
- Published a scientific article entitled "The Potency of Coconut Shell Liquid Smoke as an Antifungal for *Fusarium foetens*, *Fusarium moniliforme*, and *Colletotrichum capsici*" in the Journal of Forest Products Research, a BRIN e-journal.

TRAINING PROGRAMS AND CERTIFICATES

MySkill

April - May 2026

- Microsoft Excel Basic to Advance: Full Stack Intensive Bootcamp.
- Basic Formula, Data Formatting and Cleansing, Conditional IF Else, Data Validation and Visualization, VLOOKUP, Pivot Table, Macro VBA.
- Certificate Link: bit.ly/Bootcamp-Excel
- Portfolio Link: bit.ly/Portfolio-Bootcamp-Excel

PT Makin Ahli Indonesia

June 2025

- Food safety in the Food Industry included GMP, HACCP, ISO 22000:2018, FSSC 22000, and HACCP document preparation.
- Certificate Link: bit.ly/TrainingCertificate2

PT Rasi Latih Nusantara

October 2023

- Laboratory K3 Awareness included identifying various chemicals and handling them safely using personal protective equipment.
- Certificate Link: bit.ly/TrainingCertificate1
