A Pharmacists with 2 years of experience in Production, leading Mixing and Weighing teams in the pharmaceutical industry. Proven track record of consistently achieving 100% of monthly production targets while ensuring full compliance with CPOTB standards and SOPs. Successfully led a team of 6 operators, optimized shift schedules, and maintained smooth operations in critical production areas. Experienced in collaborating with Quality Control, Warehouse, and Maintenance teams to minimize downtime and improve efficiency. Reduced raw material waste by 15% through process optimization and team training. A licensed Pharmacist with a holistic understanding of the pharmaceutical supply chain (from QC to distribution). Ready to bring strong leadership, operational excellence, and quality commitment.

EDUCATION

Pancasila University

- Pharmacist Profession | GPA 3.81/4.00 February 2025 - March 2026 (Expecteded)
- Bachelor Degree in Pharmacy | GPA 3.41/4.00 September 2018 - July 2022

WORK EXPERIENCE

PT. Ultra Sakti - Bekasi

Production Sub-Section Head | Oct 2022 - Dec 2024

- Led and managed a team in the Mixing and Weighing unit, ensuring smooth workflow and strict adherence to production schedules.
- Enforced 100% compliance with SOP, GMP, and CPOTB standards during all weighing and mixing processes, resulting in zero major deviations during internal and external audits (including BPOM inspections)
- Successfully achieved 100% of monthly production targets for 2 consecutive years by optimizing team coordination and resource allocation.
- Collaborated with the Quality Control (QC) and warehouse teams to ensure timely release of intermediate products to the next production stage, minimizing downtime.

INTERNSHIP EXPERIENCE

PT. Darya Varia Laboratories | Quality Control

May 2025 - June 2025

- Conducted a method efficiency study for drug analysis, comparing alternative testing procedures to identify opportunities for time and cost savings without compromising accuracy.
- Participated in an impurities study of active pharmaceutical ingredients (API) using analytical methods such as HPLC, contributing to the assessment of raw material quality and stability.
- Assisted in the development and validation of microbiological testing protocols for Total Plate Count (ALT) and Yeast/Mold Count (AKK), ensuring compliance with pharmacopoeia standards.

RSCK Tzu Chi

July 2025

- Assisted in dispensing medications for both outpatient and inpatient pharmacy services, ensuring accurate labeling, dosage calculation, and adherence to prescriptions.

PT. Kimia Farma Trading & Distribution

August 2025

- Assisted in distribution logistics and inventory management under CDOB guidelines.

PUSKESMAS Pabcoran Mas

September 2025

- Participated in JKN drug dispensing and patient education programs for chronic diseases.

Apotek Pondok Gede Farma

October 2025

- Supported medication dispensing and conducted patient counseling on OTC and prescription drugs.
