WORK & INTERNSHIP EXPERIENCE

Basic Pharmaceuticals Lecture's Assistant

Feb – Mar 2026

- Mentored and supervised 30+ pharmacy students in pharmaceutical compounding techniques, ensuring accuracy in weighing, grinding, and preparation of powder and capsule dosage forms.
- Delivered hands-on laboratory guidance, resulting in improved student proficiency in fundamental pharmaceuticals and compounding practices.
- Designed and implemented pre-test and post-test assessments to evaluate learning outcomes and monitor student performance throughout the practicum period.
- Provided technical support and real-time feedback during laboratory sessions, enhancing students' practical skills, compliance with pharmaceutical procedures, and overall academic achievement.

Puskesmas Kecamatan Pancoran (Community Health Center)

South Jakarta

Pharmacist Intern

Oct 2025

- Prepared and managed Drug Usage and Request Reports (LPLPO) to support pharmaceutical inventory planning and regulatory compliance.
- Maintained pharmaceutical warehouse operations by implementing the FEFO system, managing High-Alert and LASA medication labeling, and participating in routine stock opname activities to ensure inventory accuracy.
- Performed prescription screening, medication dispensing and compounding, provided drug information (KIE), and conducted patient counseling to ensure therapeutic understanding and medication adherence.
- Developed and delivered community health education programs through public presentations and educational leaflets, reaching 20+ community members and increasing awareness of medication safety and disease prevention.

Hospital Tk. II Moh Ridwan Meuraksa

East Jakarta

Pharmacist Intern

Sep – Oct 2025

- Conducted ward rounds (*visite*) in inpatient units to monitor patients' clinical progression and verify the appropriateness of drug therapy regimens.
- Performed prescription screening, medication dispensing, and pharmaceutical compounding for both inpatient and outpatient services while ensuring compliance with hospital protocols and patient safety standards.
- Provided health education to 10+ patients, improving understanding of proper medication use, storage, and disposal practices.
- Delivered specialized counseling for patients with chronic conditions, including hypertension and diabetes, to enhance medication adherence, therapeutic outcomes, and quality of life.

Apotek Atma Jaya (Community Pharmacy)**North Jakarta***Pharmacist Intern*

Aug 2025

- Processed 30+ prescriptions daily through prescription screening, medication dispensing to ensuring the safe and effective use of medications.
- Educated 5+ patients daily on medication indications, dosage regimens, potential adverse effects, and proper storage practices to improve treatment adherence and patient safety.
- Verified incoming pharmaceutical products against distributor (PBF) documentation, reviewing product specifications, quantities, batch numbers, and expiration dates to maintain inventory accuracy and regulatory compliance.
- Managed pharmaceutical inventory using the FEFO system and stock card monitoring, contributing to optimal stock control and minimizing the risk of expired or obsolete products.

PT. Daya Muda Agung (Pharmaceutical Distributor)**East Jakarta***Pharmacist Intern*

July 2025

- Supported pharmaceutical distribution operations by reviewing product return processes and disposal procedures for unsalable products in accordance with Good Distribution Practices (GDP/CDOB) requirements.
- Prepared and verified 30+ warehouse operational documents, including Purchase Requisitions (PR), Goods Received Notes (BPB), and Goods Issuance Notes (BKB), ensuring documentation accuracy and traceability.
- Evaluated distribution, storage, and inventory management processes to ensure compliance with GDP/CDOB standards and company quality procedures.
- Assisted in maintaining quality documentation and warehouse records, contributing to audit readiness and regulatory compliance.

PT. Bintang Toedjoe (Pharmaceutical Industry)**Central Cikarang***Pharmacist Intern - Quality Control Department*

May – June 2025

- Compiled Material Quality Review (MQR) reports to support quality evaluation, batch release processes, and continuous quality improvement initiatives.
- Developed Computer System Validation (CSV) documentation for retained sample inventory management spreadsheets, enhancing data integrity, traceability, and compliance with GMP standards.
- Reviewed and revised analytical worksheets for raw materials and packaging materials, improving documentation accuracy and laboratory data recording practices.
- Collaborated with Quality Control personnel to maintain quality documentation, support regulatory compliance, and ensure adherence to pharmaceutical quality management systems.

Natural Product Technology Practicum Assistant**Aug – Dec 2023**

Supervised student testing of specific and non-specific parameters for natural product extracts (ash content, loss on drying, moisture content). Formulated academic evaluations via pre-tests and post-tests to gauge student comprehension.

ORGANIZATION EXPERIENCE**Project Head** | *Pharmacist Community Service (PKM) Class 75***Apr 2025 – 2026**
