

apt. Muhammad Hafizh Effendy, S.Farm

Cikarang, Jawa Barat | +62 852 4972 5057 | mhafizheffendy@gmail.com | linkedin.com/in/muhammadhafizheffendy

Results-driven Production Supervisor and Certified Pharmacist (Valedictorian) with hands-on experience in managing dedicated Betalactam (Solid & Dry Syrup) manufacturing facilities under CPOB/GMP regulations. Proven track record in operational excellence and cost efficiency – including a primary packaging optimization project saving ±IDR 2 million/batch. Skilled in cross-functional collaboration with engineering teams for machinery troubleshooting, root cause analysis (RCA), document control and team leadership.

Work Experience

PT. Pharma Laboratores – Cikarang, Jawa Barat

May 2025 – Present

Production Supervisor

- Direct daily manufacturing of Betalactam (Oral Solids & Dry Syrups) in strict compliance with CPOB/GMP standards and master production schedules.
- Manage weekly scheduling, shift allocations and operational workflow for 14 operators to maximize line efficiency and output.
- Review Manufacturing Batch Record (MBR), SOPs and Work Instructions (WI) while managing CAPA reports to drive continuous process improvement.
- **Cost Optimization:** Led a primary packaging efficiency project for caplet alufoil, achieving an estimated production cost saving of IDR 2 million/batch.
- **Technical Troubleshooting:** Collaborated with the engineering team on first-line troubleshooting for critical machinery (dry mixer, tablet presses, stripping and dry syrup filling) to minimize downtime.
- **System Development:** Designed and deployed streamlined tracking systems for SOP/WI document validity and internal inventory control for production consumables.

Raih Apoteker – Jabodetabek

April 2025 – Present

Professional Mentor (UKMPPAI)

- Deliver intensive training for pharmacist candidates, specializing in Industrial Pharmacy (CPOB/GMP), Pharmaceutical Chemistry and Management.
- Simplify complex formulation theories and technical regulations to ensure candidates achieve high passing standards in national examinations board exams.

PT. Bayer Indonesia – Cimanggis Plant – Depok, Jawa Barat

August – September 2024

Pharmacist Intern (PKPA)

- Executed prototype-scale research dispensing and conducted physical quality testing (Particle Size, Bulk/Tap Density, Friability, Hardness and Moisture Content)
- Authored Manufacturing Appendices, technical reports and compiled a comprehensive database for Elemental Impurities in raw materials to ensure regulatory compliance.

Universitas Lambung Mangkurat – Banjarbaru, Kalimantan Selatan

August 2020 – April 2025

Laboratory Teaching Assistant

- Supervised undergraduate students in Pharmaceutical Technology, Physical Pharmacy, Basic Pharmaceutics and Drugs/Food/Cosmetic analysis.
- Assisted in Comprehensive Pharmacy Practice (Professional Pharmacist Program) evaluations and laboratory report assessments.

Education

Universitas Lambung Mangkurat – Banjarbaru, Kalimantan Selatan

- **Professional Pharmacist Program (Apothecary)** | GPA 4.00/4.00 | **First Best Graduate (Valedictorian)** (2025)
- **Bachelor Degree of Pharmacy** | GPA 3.71/4.00
Thesis: Effect of Jasmine Leaf Extract Concentration Variations on the Physical Characteristics of Acne Patch

Organizational Experience

Badan Eksekutif Mahasiswa FMIPA ULM | Vice Governor (2022)

- Led organizational operations and strategic work programs, evaluating board member performance and maintaining internal synergy.

ISMAFARSI Wilayah Kalimantan | Lead Staff of Education & Profession (2022)

- Spearheaded regional pharmaceutical education initiatives and serves as Person In Charge (PIC) for the Borneo Science Competition.

HIMAFARMA “Avi Cenna” FMIPA ULM | Internal & External Relations Officer (2020-2021)

- Coordinated inter-organizational partnerships, student delegate preparations and external networking visits.

Skills & Competencies

- **Technical Skills** : CPOB/GMP Compliance, Root Cause Analysis (RCA), Corrective Action and Preventive Action (CAPA), Production Planning & Scheduling, Batch Record Review, Primary Packaging Optimization.
- **Machinery & Operations** : Dry Mixers, Tablet Presses, Stripping Machines, Dry Syrup Filling, Capsule Filling, Document & Inventory Control Systems.
