WORK EXPERIENCE

PT. Medifarma Laboratories Indonesia - Depok, Indonesia Nov 2025 - Jan 2026

Quality Assurance Validation Staff

- Conducted and oversaw end-to-end process validation activities, including compounding, granulation, compression, and coating processes, to ensure consistency, robustness, and compliance with internal procedures and regulatory requirements.
- Performed cleaning validation to verify that the procedures of cleaning are reliable, effective, and consistent in preventing cross-contamination across production batches.
- Conducted packaging validation to evaluate packaging components, equipment, and processes, ensuring that packaging operations are accurate, consistent, and capable of maintaining product quality and integrity.
- Prepared and maintained validation documentation including protocols and final reports to ensure traceability, regulatory compliance, and readiness for routine production.

INTERNSHIP EXPERIENCE

Puskesmas Sememi - Surabaya, Indonesia Apr 2025 - May 2025

Pharmacy Intern

- Participated in pharmaceutical services at the primary healthcare level, including dispensing, extramponaneous compounding, patient counseling, and drug information services in compliance with *Peraturan Menteri Kesehatan no. 74 tahun 2016*
- Conducted ward rounds for postpartum patients to monitor clinical progress and evaluate the appropriateness of drug therapy
- Assisted in inventory management of medicines, including stock opname, expiry checking, and drug demand planning based on usage patterns and current stock levels.
- Assisted in public health programs, focusing on medication support for TB and Maternal & Child Health (KIA) units.

Apotek K-24 Lontar - Surabaya, Indonesia Mar 2025 - Apr 2025

Pharmacy Intern

- Supported daily pharmacy operations, including dispensing prescription and OTC medications under the supervision of the licensed pharmacist
- Performed inventory control, stock arrangement, and expiration date checks to support daily and weekly purchase orders, ensuring the availability of pharmaceutical products, medical devices, and disposable medical supplies

- Reviewed product specifications, pricing, and vendor availability prior to purchase and ensured procurement processes complied with pharmaceutical regulations and internal procedures
- Observed the handling and recording of narcotics and psychotropic substances in compliance with Peraturan BPOM no. 24 tahun 2021

PT Kalbio Global Medika - Cikarang, Indonesia

Jan 2025 - Feb 2025

Production (Sub. Dept. Packaging) Intern

- Assisted in the secondary packaging supervising processes of sterile liquid dosage forms, including assembling, labeling, blistering, and master packaging to ensure compliance with CPOB and SOP
- Developed a thermal mapping protocol for temperature validation of a cold room in the production area, which was subsequently approved by the Production Manager and Quality Assurance Manager
- Supported batch record documentation activities to ensure accuracy, traceability, and compliance with Good Documentation Practice (GDP)

PT Enseval Putera Megatrading - Sidoarjo, Indonesia

Dec 2024

Pharmacy Intern (Distribution & Supply Chain)

- Learned about pharmaceutical supply chain and logistics in compliance with Cara Pendistribusian Obat yang Baik (CDOB) by assisting in the process of receiving, storing, and distributing medicines to healthcare facilities and pharmacies
- Observed inventory management systems, including batch tracking, FEFO/expiry control, and cold chain monitoring
- Assisted and observed the Pharmacist during personnel training on Good Documentation Practice (GDP), contributing to training material preparation and gaining insights into documentation compliance

Rumah Sakit Umum Daerah (RSUD) Saiful Anwar - Malang, Indonesia

Oct 2024 - Nov 2024

Pharmacy Intern

- Assisted in clinical pharmacy services under the supervision of licensed pharmacists, including medication reconciliation, prescription review, and patient counseling, ensuring accuracy in drug history and preventing potential therapy gaps
- Participated in medication screening, compounding, and dispensing for 100 prescriptions per day for inpatient and outpatient services in accordance with hospital SOPs and *Peraturan Menteri Kesehatan no. 72 tahun 2016*
- Provided specialized Patient Counseling and Education (KIE) for high-risk patients to improve therapy adherence and safety
- Participated in procurement process from needs planning to purchasing through the government e-Catalog system, ensuring alignment with specifications, budget, and applicable regulation
