

Amirah Vonna Riski

Depok, West Java | vonnamirah@gmail.com | +62 878 2444 0499 | [linkedin.com/in/amirahvonnariski](https://www.linkedin.com/in/amirahvonnariski)

Final-year student in the Apothecary Professional Program, Universitas Indonesia, with a solid academic foundation and strong organizational experience at national and international levels. Professional internship experience in pharmaceutical manufacturing and distribution environments, with responsibility in supporting GMP and GDP compliance processes, including documentation preparation, product registration verification, documentation control, and CAPA discussion. Skilled in compliance monitoring (CPOB, EU GMP, GDP/CDOB), pharmaceutical laboratory analysis, analytical instruments operation (HPLC, GC, TLC-densitometer, UV-Vis Spectrophotometer), and data analysis. Holds a Bachelor of Pharmacy from Universitas Indonesia, with training in FDA/EMA Compliance Submissions.

EXPERIENCES

PT Ferron Par Pharmaceuticals, Cikarang

May – Jun 2025

Sterile Production Department Intern

- Drafted at least 25 data mapping forms for each production flow within the sterile production department for 5 sterile sub-departments
- Conducted performance effectiveness evaluation of ampoule production machine using Overall Equipment Effectiveness (OEE) metrics and identified the root causes of downtime phenomenon as a basis for improvement
- Participated in pre-sterilization process verification for ampoule production equipment parts by checking completeness and compliance of BMR, loading pattern in accordance with validated conditions, placement of chemical indicators, and readiness of autoclave and sterilization cycle parameters to prevent deviations and SOP compliance
- Drafted Cleaning and Operational Standard Operating Procedures (SOPs) for blistering machines
- Observed and participated in CAPA discussion along with Quality Assurance and Engineering Department under supervision

PT Teknologi Medika Pratama (SwipeRx), Depok

Sep 2025

Pharmacy Intern

- Assisted in reviewing and verifying incoming 200+ purchase orders from healthcare facilities
- Supported inspection and verification process of incoming goods from suppliers by checking product registration and marketing authorization status in the database
- Assisted in preparing reports for rejected goods received from suppliers
- Evaluated the compliance of SOPs for handling suspected counterfeit products with Good Distribution Practice (GDP/CDOB) and other official regulations

Universitas Indonesia, Depok

Aug – Dec 2024

Chemical Analysis of Pharmaceutical Preparation Laboratory Assistant

- Prepared instruments used in chemistry laboratory skills used for pharmaceutical dosage forms such as HPLC, GC, TLC-densitometer, UV-Vis Spectrophotometer, analytical balance, pH meter
- Performed hands-on demonstration of chemical laboratory skills (HPLC, GC, TLC-densitometer, UV-Vis Spectrophotometer, analytical balance, pH meter)
- Reviewed and verified students' material and reagent calculations prior to practical laboratory classes
- Guided students in preparing laboratory materials and reagents in accordance with compendials
- Supervised students during practical laboratory examinations

Universitas Indonesia, Depok

Jan – Dec 2023

Accreditation Documents Translation Team

- Translated at least 10 accreditation documents of Faculty of Pharmacy, Universitas Indonesia from Bahasa Indonesia to English
- Proof-read translated accreditation documents before being reviewed by Faculty of Pharmacy Board Members

EDUCATION

Universitas Indonesia, Depok

Feb 2025 – Current

Apothecary Professional Program, Faculty of Pharmacy

GPA 3.83 of 4.00

Universitas Indonesia, Depok

Aug 2020 – Feb 2025

Bachelor of Pharmacy, Faculty of Pharmacy

- GPA 3.17 of 4.00
- Achieved Taisho Scholarship in 2021
- Experienced as Analytical Chemistry Laboratory Assistant (OSCE UKAI Preparation Program, Nov–Dec 2024): Conducted quantitative and qualitative analysis, prepared reagents and standards, and gained hands-on exposure to analytical instrumentation including UV–Vis spectrophotometry, HPLC, GC, and TLC-densitometry
- Experienced as Microbiology Laboratory Assistant (OSCE UKAI Preparation Program, Nov–Dec 2024): Conducted aseptic techniques and standard microbiological testing, including sterility testing and antimicrobial potency testing
- Final Thesis: Application and Evaluation of Identification Method of Porcine, Canine, and Murine Genes Based on Quantitative Polymerase Chain Reaction Using Specific Reverse Primers on Commercial Pharmaceutical Dosage Forms (Experienced in aseptic technique, DNA extraction, qPCR)

ACHIEVEMENTS

Regional Clinical Skills Event IPSF APRO <i>Won 4th Runner Up Position in Asia-Pacific Region of IPSF</i>	Feb 2023
Pharmapreneur Business Idea Competition - UI World Pharmacist Day <i>Won 2nd Runner Up Position</i>	Sep 2022
Industrial Skills Event at 20th IPSF Asia Pacific Pharmaceutical Symposium, Manila <i>Secured Semifinalist Position</i>	Jun 2021
IPSF Global Leadership in Training 2021 <i>Nominated as Best Project Candidates</i>	Jun 2021

LEADERSHIP ACTIVITIES

Student Exchange Officer of BEM FF UI, IPSF <i>Student Exchange Officer</i>	Sep 2021 - Oct 2022
• Successfully sent 2 students from FF UI to attend IPSF's Student Exchange Programme to South Korea for the first time • Hosted Virtual Exchange Programme with at least 300 attendants from various pharmacy students around the world • Collaborated with 3 pharmacy students association (KNAPS, South Korea; UPPhA, Philippines; VNUHCM-PO, Vietnam) in Online Cultural Exchange Program	
International Relations Department, BEM FF UI <i>Deputy</i>	Jan 2022 – Dec 2023
• Planned and coordinated departmental programs while managing media content, applying strategic communication to increase student engagement and collaborating with external partners within the International Pharmaceutical Students' Federation (IPSF). • Led BEM FF UI to obtain Best Association of IPSF APRO 2021-2022.	

LANGUAGES AND SKILLS

- Microsoft word: Skilled in advanced document formatting, creating templates, and collaborative editing using Track Changes and Comments
- Microsoft excel: Experienced in data analysis using formulas (e.g. IF, VLOOKUP), pivot tables
- Technical report writing
- Analytical chemistry instrumentation and data interpretation
- Bahasa Indonesia (native)
- English (proficient)

COURSES AND CERTIFICATIONS

- | | |
|--|-----------------------|
| • Master Pharma Regulatory Affairs: FDA/EMA & Global | Mar 2026 Udemy |
| • Quality Assurance (QA) in Pharmaceutical Industry | Mar 2026 Makin Ahli |
