Jakarta Utara, Indonesia

ABOUT

Pharmacy graduate with hands-on internship experience in pharmaceutical manufacturing, possessing a strong understanding of GMP requirements, production workflows, and Good Documentation Practices (GDP). Highly motivated to build a career in pharmaceutical production by driving operational efficiency, maintaining strict compliance, and contributing to high-quality manufacturing standards

EDUCATION

Apothecary Professional Degree, Universitas Sumatera Utara **Aug 2024- Aug 2025**

- GPA: 4.00 (Dean's List Awardee)
- National OSCE Score (Pharmaceutical Science): 90.91
- Internships: Apotek Marita, Puskesmas Glugur Kota, Enseval Putera Megatrading Tbk, Rumah Sakit Umum Haji Medan, Lafiau Roostyan Effendie (Production, Quality Control, Quality Assurance, & Research and Development)

Bachelor of Pharmacy, Universitas Sumatera Utara **Sep 2020 – July 2024**

- GPA: 3.27
- Academic Experience: Laboratory Assistant in Sterile Dosage Form Technology and Compounding Pharmacy 2023/2024
- Awards 1st Place – National Essay Competition (RXPO USU 2023)

COURSE AND TRAINING

Production Supervisor, by Latih ([Link](#))

Overview of Sterile Production in the Pharmaceutical Industry, by Jadi Praktisi ([Link](#))

Penyelia Halal, by Latih

Fullstack Intensive Pharmaceutical Industry: Good Manufacturing Practice (CPOB), Quality Assurance (QA), Quality Control (QC), Production, Supply Chain/PPIC, Research & Development, by Jadi Praktisi ([Link](#))

Memahami Proses Implementasi Change Control & Corrective Action Preventive Action (CAPA), by Jadi Praktisi ([Link](#))

Strategi Uji Bioekuivalensi (Uji BE) Produk Farmasi sesuai Regulasi, Jadi Praktisi ([Link](#))

SELECTED WORK EXPERIENCES

INTERN PHARMACIST - Production, Quality Assurance, & Quality Control, Research and Development, Lembaga Farmasi Angkatan Udara Roostyan Effendie **Maret - April 2025**

1. Production

- Participated in pilot-scale placebo tablet manufacturing, including line clearance verification, in-process control (IPC), batch record documentation, and deviation handling in accordance with GMP requirements.
- Analyzed a production case study and proposed Corrective and Preventive Actions (CAPA).

2. Quality Assurance

- Observed and documented equipment cleaning procedures and sampling for cleaning validation in the cephalosporin production facility, in compliance with CPOB requirements.
- Studied pharmaceutical regulatory requirements, drug registration, and GMP certification procedures
- Monitored qualification activities for critical utilities, including HVAC, water treatment systems, and air compressors, to support facility compliance.

3. Quality Control

- Learned sampling procedures of raw materials, intermediates, bulk, and finished products.
- Conducted accelerated and long-term stability testing of the capsule dosage forms at 6 months.

4. Research and Development

- Learned the upscaling process from laboratory formulation to pilot and production scale.
- Optimized paracetamol syrup formulation; formulated and produced energy drink powder and non-pharmaceutical products.

Laboratory Assistant of Sterile Dosage Form Technology, Universitas Sumatera Utara **Aug 2023 – July 2024**

- Coordinated laboratory schedules and practical sessions for three classes to ensure smooth execution.
- Guided 100+ pharmacy students in formulation design through literature review, excipient selection, and evaluation of formulation considerations, including tonicity, stability, and compatibility.
- Supervised laboratory-scale sterile compounding activities, aseptic techniques, in-process evaluation, sterilization processes, packaging, and documentation
- Successfully coordinated the OSCE as the final laboratory exam for students.

ORGANIZATION AND VOLUNTEERING EXPERIENCE

Data Center Team at Mini War Room Medan - Kompas TV Presidential Election Quick Count • Assisted 49 interviewers across Sumatra in resolving data upload issues on KoboCollect via Telkom calls	Feb 24
Deputy Secretary - Islamic Student Association (UKMI) Ath-Thibb, Faculty of Pharmacy, Universitas Sumatera Utara • Handled 100+ incoming and outgoing official correspondences in collaboration with the Secretary • Successfully organized 5 major events involving 100+ participants	Feb 23 – Apr 24
Member of the Education Department - Islamic Student Association (UKMI) Ath-Thibb, Faculty of Pharmacy, Universitas Sumatera Utara • Developed and managed a question bank of 100+ items to support pharmacy students in exam preparation. • Organized and facilitated OSCE mentoring sessions for 10+ practical courses	Apr 21 – Jan 23
Member of the Education, Culture, and Sports Department - Pharmacy Student Association, Faculty of Pharmacy, Universitas Sumatera Utara • Created educational content related to pharmacy on social media platforms and collaborated with team members to enhance the knowledge and awareness of pharmacy students	Oct 21 – Nov 22

SKILLS	
Hard Skills: • Good Manufacturing Practices (CPOB) • Good Documentation Practice (GDP) • Good Laboratory Practice (GLP) • Microsoft Office	Soft Skills: • Problem-solving • Communication skills • Teamwork • Willingness to learn
