Perum Griya Prima Pesona Blok C-9 RT/RW 01/06, Kec. Panyingkiran, Kab. Majalengka, Indonesia

PROFESSIONAL SUMMARY

Pharmacist with hands-on pharmaceutical industry experience in R&D formulation, formulation evaluation, stability testing, pharmaceutical manufacturing, scale-up support, and GMP/CPOB documentation. Experienced in supporting formulation development for commercial-scale pharmaceutical products, conducting long-term and accelerated stability studies in accordance with ICH Q1A, evaluating film-coated tablet characteristics through five physical quality tests, and documenting development and testing activities in Batch Manufacturing Records (BMR). Gained practical exposure to end-to-end pharmaceutical manufacturing processes from raw material weighing through packaging, including understanding of scale-up considerations. Analytical, detail-oriented, systematic, and capable of supporting technical activities, documentation, and cross-functional coordination in a pharmaceutical manufacturing environment.

WORKING EXPERIENCE

PT Dankos Farma, Jakarta

Oct 2025 – Nov 2025

R&D Formulation Pharmacist Intern

- Supported pharmaceutical formulation development for products intended for commercial-scale manufacturing.
- Conducted long-term and accelerated stability studies in accordance with ICH Q1A to support product stability evaluation and formulation assessment.
- Performed 5 physical characterization tests on film-coated tablets: weight uniformity, hardness, friability, disintegration time, and coating thickness.
- Documented formulation development and testing results in Batch Manufacturing Records (BMR) in accordance with GMP/CPOB requirements and data integrity principles.
- Gained end-to-end exposure to pharmaceutical manufacturing processes for generic and cytostatic products, covering activities from raw material weighing through packaging.
- Developed practical understanding of formulation evaluation, manufacturing process flow, and scale-up considerations in a pharmaceutical production environment.
- Supported technical evaluation activities by reviewing product characteristics and documenting development results for pharmaceutical manufacturing purposes.

PT Enseval Putera Megatrading Tbk, Purwokerto

Sep 2025

Pharmacist Intern

- Applied Good Distribution Practice (GDP/CDOB) principles in pharmaceutical distribution activities.
- Verified purchase orders and distribution invoices to support regulatory compliance and documentation accuracy.
- Gained exposure to Cold Chain Product (CCP) transportation and storage management.
- Participated in stock opname and pharmaceutical inventory control activities.

RSUD Prof. Margono Soekarjo, Purwokerto

Jun 2025 – Jul 2025

Pharmacist Intern

- Performed outpatient and inpatient prescription dispensing in accordance with pharmaceutical service standards.
- Participated in drug therapy monitoring and clinical ward rounds with multidisciplinary healthcare teams.
- Supported the preparation and dispensing of cytostatic and high-alert medications in accordance with established safety procedures.

Apotek Kimia Farma 437 Fajar Sehat, Purwokerto

Apr 2025 – May 2025

Pharmacist Intern

- Supported pharmaceutical procurement and receiving activities in accordance with SOP requirements.
- Conducted stock opname and managed near-expiry medicines using the FEFO system.
- Provided drug information services and professional prescription dispensing.

Pharmacy Technician

- Prepared and compounded medications based on prescriptions under pharmacist supervision.
- Maintained pharmaceutical inventory and stock documentation.
- Provided patient education on proper medication use.

Jurnal Apoteker Indonesia

Feb 2025 – Present

Managing Editor

- Screen submitted scientific manuscripts against journal scope and publication guidelines.
- Manage editorial workflow, documentation, and processing of scientific manuscripts.
- Prepare publication metadata and coordinate online journal publishing activities.
