PROFILE

Graduated from the Pharmacist Professional Program at Universitas Airlangga with a strong interest in pursuing a career in the pharmaceutical industry. I am a detail oriented, adaptable, and highly motivated individual who thrives in structured and fast-paced environments. I have a strong sense of responsibility, quick to learn new systems, and enjoy working both independently and as part of a team.

My academic background and internship experience have strengthened discipline, communication, and ability to manage tasks effectively under pressure. I am open to continuous improvement and committed to maintaining high professional standards, ready to contribute positively to a pharmaceutical organization.
