

SALSABILA ZANETA AURELIA

salsabilazanetaaureliaa@gmail.com | linkedin.com/in/salsabila-zaneta-aurelia

Fresh graduate of the Pharmacist Professional Program at Institut Teknologi Bandung with internship experience in pharmaceutical manufacturing, process validation, and quality systems. Knowledgeable in GMP/CPOB implementation, pharmaceutical documentation, process validation, and Quality by Design (QbD). Experienced in preparing validation protocols, supporting pilot-scale manufacturing activities, and ensuring compliance with quality standards. A fast learner with strong analytical, communication, and teamwork skills, committed to continuous improvement and operational excellence.

EDUCATION

Institut Teknologi Bandung

Aug 2025 – Aug 2026

Pharmacist Professional Education Program

Specialization: Production and Quality Control (Pharmaceutical Industry) | IPK: 3.92/4.00

Universitas Lampung

Aug 2021 – Jan 2025

Bachelor of Pharmacy | Graduated in 3.4 years | IPK: 3.86/4.00

PROFESSIONAL EXPERIENCE

PT. Sunthi Sepuri – Pharmacist Intern

Mar 2026 – Apr 2026

- Prepared 1 process validation protocol for pilot-scale and scale-up manufacturing and participated in process validation activities.
- Participated in climatic chamber qualification to support stability study activities.
- Developed 33 technical protocols covering analytical method validation, specifications and analytical methods, method transfer, cleaning validation, comparative dissolution, and stability studies to support pharmaceutical product development.
- Analyzed process validation, analytical method validation, and dissolution method transfer results to support product development and process evaluation.
- Contributed to the implementation of the Quality by Design (QbD) approach in new product development by preparing the Quality Target Product Profile (QTPP), identifying Critical Quality Attributes (CQA), Critical Material Attributes (CMA), Critical Process Parameters (CPP), and performing risk assessments throughout the development process.

Kimia Farma Trading and Distribution Cirebon – Pharmacist Intern

Jan 2026

- Supported Self-Inspection activities by collecting and verifying evidence of compliance with all applicable inspection criteria and Good Distribution Practices (GDP/CDOB) requirements.
- Participated in warehouse operations, including receiving, storage, picking, packing, and distribution of pharmaceutical products, Cold Chain Products (CCP), NPPO products, and medical devices.
- Developed training and socialization materials for warehouse personnel covering the receipt, storage, and distribution of Cold Chain Products (CCP), maintenance of chillers, cold rooms, and freezers, and handling of damaged, expired, and non-saleable products.
- Prepared and submitted periodic reports through e-Report and e-WAS systems in accordance with operational and regulatory reporting requirements for Pharmaceutical Wholesalers (PBF).
- Verified return invoices and purchase orders (SP), conducted order appropriateness analysis, and ensured accurate documentation and regulatory compliance to prevent unauthorized distribution.

Balai Besar Pengawas Obat dan Makanan di Bandar Lampung – Pharmacist Intern

Oct 2025

- Conducted quality testing of pharmaceutical products, traditional medicines, food products, and cosmetics in accordance with applicable testing methods and procedures.
- Reviewed sampling results of cosmetic and tobacco products as part of quality and safety surveillance of products circulating in the market.
- Participated in Communication, Information, and Education (KIE) activities through public education initiatives, including BBPOM Booth and Galaksi Tour.
- Participated in enforcement activities involving business operators with regulatory violations in the pharmaceutical and food sectors in accordance with applicable regulations.
- Analyzed inspection findings and identified major and minor violations at Pharmaceutical Service Facilities based on applicable laws and regulations.

Laboratory Assistant for Solid Dosage Form Technology and Formulation

Sep 2024 – Jan 2025

- Coordinated and managed laboratory sessions for 90 students by delivering theoretical instruction, conducting demonstrations, and supervising practical activities to enhance learning effectiveness and procedural accuracy.
- Designed pre-test instruments and evaluated laboratory performance to assess student readiness and improve analytical quality.
- Enforced compliance with SOPs and laboratory safety standards to minimize procedural errors and maintain a safe working environment.
- Led a team of laboratory assistants and facilitated communication between faculty and students to ensure smooth laboratory operations.

ORGANIZATION AND COMMITTEE EXPERIENCE

Badan Eksekutif Mahasiswa Fakultas Kedokteran, Universitas Lampung

Mar 2022 – Jan 2025

Member of the Human Resource Development Department

- Contributed to student capacity development through the planning and implementation of leadership, management, and personal development programs to foster high-performing, competitive students with strong leadership skills.
- Served as Department Secretary and Secretary 1 for the faculty-level PKKMB orientation program, Vice Chair of the Training for Trainer event, and Head of the Event Division for the Student Leadership and Management Training program.
- Recognized as Best Staff for outstanding performance and contributions to the department's programs and activities.

Himpunan Mahasiswa Farmasi, Universitas Lampung

Jun 2022 – Jan 2025

General Treasurer 1

Managed organizational budgeting, financial reporting, and fund allocation to ensure transparency, accountability, and sustainable program execution.

Member of the External and Social Affairs Department

Facilitated partnerships and community initiatives by coordinating stakeholder collaboration to strengthen outreach impact and organizational engagement.

Seminar and Workshop

2021 – 2025

Committee

Served on organizing committees for 20+ seminars and workshops, managing event coordination and operational execution, and occasionally leading as Chief Organizer or Division Head to ensure successful program delivery.

Community Service

2021 – 2025

Committee

Participated in 5+ community service initiatives in collaboration with lecturers, pharmacists, doctors, and other healthcare professionals to support public health education and outreach programs.

SPEAKING ENGAGEMENTS

Speaker – METFORMIN: Motivating Excellence in Thesis, Future Opportunities, & Roadmap to Mastering Internship & Profession

Apr 2026

Delivered a seminar to undergraduate pharmacy students (Classes of 2022–2024) at the University of Lampung on the Pharmacist Professional Education Program, covering admission requirements, selection strategies, curriculum overview, internship experiences, and career preparation, while sharing practical insights and facilitating interactive Q&A sessions through live discussions and Slido.

Speaker – Cerdas Ramadan: Aman, Tepat, Berkah, Berpahala

Feb 2026

Co-delivered a seminar with a pharmacy preceptor to pharmacy technicians, pharmacists, and pharmacist professional students across 15 Apotek Griya Farma branches, presenting topics on physiological changes during fasting and evidence-based medication management during Ramadan while facilitating interactive discussions and addressing participants' questions on medication use and pharmaceutical care.

PUBLICATION

- Analysis of Antibiotic Utilization Evaluation on Reserve Group using ATC/DDD and DU 90% Methods in Relation to the Sensitivity Percentage of ESKAPE Bacteria Based on the Antibiogram at RSUD Dr. H. Abdul Moeloek Lampung Province. **2025**
- Article Review: Evaluation of Antibiotic Use Using the ATC/DDD Method in Typhoid Fever Patients. **2024**
- Community Training Handbook: Utilization of Cocoa Pod Peels for the Production of Antioxidant Herbal Soap. **2024**
