PROFESIONAL PROFIL

Pharmacy graduate and Apothecary candidate (Universitas Airlangga) with hands-on experience in pharmaceutical quality assurance, regulatory compliance, and cross-functional project coordination. Demonstrated ability to conduct data-driven analysis, manage structured documentation, and communicate scientific information to diverse audiences in both Bahasa Indonesia and English. Proven track record in designing and executing community health campaigns and leading multi-stakeholder projects. Eager to apply pharmaceutical expertise and strategic thinking to support brand management, promotional planning, and field force development in the pharmaceutical industry.

PROFESIONAL EXPERIENCE

Rumah Sakit Universitas Airlangga – Surabaya, Indonesia

October 2025 – December 2025

Clinical Pharmacy

- Performed **medication review, documentation, and patient data recording**, ensuring accuracy and completeness.
- Supported **clinical documentation and reporting**, aligning with healthcare quality standards.
- Managed pharmaceutical logistics and documentation, ensuring traceability and compliance with procedures.

Biotis Pharmaceuticals Indonesia – Bogor, Indonesia

July 2025 – August 2025

Pharmacy Industry

- Supported **quality documentation and regulatory compliance activities**, ensuring completeness and accuracy of records.
- Conducted gap analysis on **11 vaccine products**, supporting BPOM regulatory approval readiness
