DESCRIPTION

Pharmacist candidate from Universitas Indonesia with practical experience in pharmaceutical manufacturing and distribution. Experienced in pharmaceutical analytical techniques, laboratory instruments, and data analysis, including reviewing analytical and stability testing results in accordance with GMP/CPOB and ICH guidelines. Detail-oriented, with strong communication skills and the ability to adapt to new environments, work under pressure, and take responsibility for assigned tasks.

WORK EXPERIENCE

PT Ferron Par Pharmaceuticals – Cikarang, Indonesia

Mar 2026 – Apr 2026

Stability Quality Control Intern

- Reviewed 30+ stability testing results by cross-checking reported results with instrument-generated data, including HPLC chromatograms and assay/impurity results, against established specifications, then compiled stability study summaries.
- Implemented 35 pharmaceutical products in a Laboratory Information Management System (LIMS) according to established stability protocols, GMP/CPOB, and ICH guidelines.
- Supported 2 Out-of-Specification (OOS) reports by documenting deviation details, compiling supporting evidence, and conducting risk assessments related to OOS occurrences.
- Conducted 10+ HPLC audit trail reviews by comparing instrument records with approved testing methods, assessing system errors, sample sequences, reinjections and their justifications, and injection procedures to support data integrity and traceability.

Kimia Farma Trading and Distribution – Bogor, Indonesia

Dec 2025

Pharmacist Intern

- Supported CAPA implementation following audit findings by discussing proposed corrective and preventive actions, executing approved actions, and preparing CAPA reports.
- Conducted 50+ customer qualifications by reviewing documentation for completeness and compliance with CDOB requirements.
- Screened 20+ narcotic and regular pharmaceutical orders to verify compliance with applicable regulatory and distribution requirements.
- Supported self-inspection activities by assisting compliance assessments of facilities, cold chain management, quality management systems, documentation, and transportation, as well as documenting identified findings.

Basic Pharmaceutical Analytics Laboratory, Faculty of Pharmacy,

Aug 2024 – Dec 2024

Universitas Indonesia – Depok, Indonesia

Laboratory Assistant

- Assisted 3+ lecturers in assessing student assignments and conducting practical examinations.
- Guided 20+ students in performing laboratory practicals involving separation techniques, distillation, chromatography (TLC & column), elemental & functional group analysis, and refractive index measurement.

EDUCATION

Universitas Indonesia – Depok, Indonesia

Aug 2025 – Aug 2026

Profession Degree in Apothecary (Pharmacist Candidate) (GPA: 3,95/4.00)

Universitas Indonesia – Depok, Indonesia

Aug 2021 – Aug 2025

Bachelor Degree in Pharmacy (GPA 3.72/4.00)

- **Thesis Research:** Comparison of Serum LysoPC in Low-Risk Diabetic Kidney Disease Patients Given Metformin-Glimepiride Therapy with Controlled and Uncontrolled HbA1c
 - Research involved serum sample management, serum LysoPC analysis using ELISA as a potential biomarker in early diabetic kidney disease, and statistical data analysis to evaluate differences between controlled and uncontrolled HbA1c groups.
- **Relevant Laboratory Experience:** Conducted pharmaceutical formulation and analytical practicals, including dissolution testing and formulation of tablets, ovule, liquid, and dry powder preparations.

ORGANIZATIONAL AND VOLUNTEER EXPERIENCE

PSAMabim FF UI (Student Orientation Program) – Depok, Indonesia Jul 2023 – Sep 2023

Head of Educational Material Division

- Developed orientation assignments and assessment guidelines to support 100+ new students in adapting to the campus environment.
- Led 5 team members to develop assignments based on established concepts and reviewed the final outputs.

Pharmacy Care FF UI (Community Service Program) – Bogor, Indonesia Jul 2023 – Aug 2023

Vice Head of Design

- Led 5 team members and created visual materials, including the event logo, posters, banners, merchandise, and event proposal.
- Participated in community outreach activities, including teaching and delivering educational sessions.

Emina Local Brand Collaboration, Novo Club by Paragon – Bogor, Indonesia March 2023 – Aug 2023

Member

- Coordinated a collaboration between Emina and a local brand in Bogor by identifying potential partners, developing the collaboration concept, and coordinating its implementation.
- Supported promotional activities to increase awareness of the collaborative campaign.

BEM FF UI – Depok, Indonesia Feb 2022 – Jan 2023

Media and Publication Staff

- Developed visual content, managed event documentation & videography, and contributed to content publication on BEM FF UI's social media platform.
- Contributed to the production of the BEM FF UI 2022 Company Profile video.
- Served as a design competition judge during BEM FF UI's annual World Pharmacist Day event.

COURSE AND CERTIFICATION

• Acne Care Product Development & Formulation – Teman Formulasi	2026
• Natural Color Cosmetics: Formulation, Stability, and Performance Evaluation – Teman Formulasi	2026
• Safety Assessment in Beauty Industry – Teman Formulasi	2026
• Laboratory Biorisk Online Training – UPT K3L UI	2022
• Laboratory Chemical Safety Online Training – UPT K3L UI	2022

ACHIEVEMENT

-
- | | |
|---|----------|
| • 3rd place of Industrial Case Competition Pharmacious UGM 2024 | Nov 2024 |
| Project title: DON'T RASH: Sentuhan Alami Atasi Ruam Popok Bayi dengan Sinergisitas Ekstrak Tumbuhan dan Minyak Alami | |
| • 2nd place of Prototype in Open Innovation Faculty 2024 by <i>Faculty of Pharmacy UI</i> | Oct 2024 |
| Project title: “ABiSS” (Antibiotic Surveillance System): Digitalisasi Evaluasi Pemberian Antibiotik dalam Rangka Pemantauan dan Pencegahan Resistensi Antibiotik | |
| • 3rd place of Industrial Skill Event UI Pharmaceutical Industry Fest 2024 | Jul 2024 |
| Project title: Dry Powder Inhaler Paclitaxel from Polymeric Micelles Nanoparticle for Lung Cancer | |

RELATED SKILLS

-
- Skills: CPOB, Document Review, Dissolution Testing, Pharmaceutical analysis, Documentation & Record Management, CAPA Reporting, OOS Reporting & Risk Assessment.
 - Software: Microsoft Office (Word, PowerPoint, Excel).
 - Language: Indonesian, English.
