PROFESSIONAL SUMMARY

B.Pharm graduate with hands-on experience in Quality Control operations, cell culture techniques, and analytical instrumentation at HiMedia Laboratories. Skilled in laboratory workflows, data analysis, research documentation, and cross-functional collaboration. Proven ability to maintain compliance with GMP/GLP standards while delivering high-quality results in regulated environments. Seeking opportunities to leverage technical expertise and analytical skills in data-driven roles.

TECHNICAL SKILLS

Laboratory & Analytical: Cell Culture (Mammalian Cell Lines, Passaging), HPLC Operation, Total Organic Carbon (TOC) Analysis, Osmolality Testing, Microbiological Assays, Media Preparation, Quality Control Testing

Data & Documentation: Healthcare Data Analysis, Clinical Documentation, Literature Review, Technical Writing, SOP Development, Protocol Interpretation (Clinical/Non-Clinical)

Standards & Compliance: GMP, GLP, Data Integrity, CDISC, SDTM, ADAM, Good Clinical Practice

Medical Coding: ICD-10-CM, ICD-9-CM, HCPCS, CPT

Tools: SAS (Clinical Analytics), Microsoft Office Suite, Laboratory Information Systems

PROFESSIONAL EXPERIENCE

Quality Control Associate

Sep 2025 – Dec 2025

HiMedia Laboratories Pvt. Ltd., Thane, Maharashtra

- Performed cell culture operations including handling of multiple mammalian cell lines, routine passaging up to 10th passage, and media preparation following strict aseptic techniques
- Conducted analytical testing using HPLC and Total Organic Carbon (TOC) analyzers to ensure product quality and compliance with specifications • Supported QC testing workflows and biological evaluation processes, maintaining 100% adherence to GMP, GLP, and data integrity standards • Operated advanced laboratory instrumentation with precision, contributing to accurate and reproducible results in a regulated biotech environment
- Documented experimental procedures and results systematically, ensuring traceability and regulatory compliance

Research and Documentation Intern

Jul 2025 – Oct 2025

Clinivance, India (Remote)

- Conducted comprehensive literature reviews and analyzed research data to support ongoing clinical and nonclinical projects
- Interpreted complex clinical protocols and translated technical information into structured documentation
- Developed technical documents adhering to regulatory standards, enhancing project efficiency and knowledge management
- Collaborated with cross-functional teams to ensure accuracy and consistency in research documentation

Healthcare Data Analyst (Internship)

Mar 2025 – Apr 2025

Unified Mentor, India (Remote)

- Analyzed healthcare datasets to identify trends, patterns, and insights supporting data-driven decisionmaking • Applied statistical methods and visualization techniques to communicate findings effectively

Medical Coder (Internship) <i>Skill Dunia (ISO 9001:2015 Certified), Shirur Kasar, Maharashtra</i>	Jun 2024 – Aug 2024
Assigned accurate medical codes (ICD-10-CM, ICD-9-CM, HCPCS, CPT) for diagnoses and procedures, ensuring billing accuracy and compliance	
Senior Pharmacist <i>Private Hospital, Shirur Kasar, Maharashtra</i>	Jun 2022 – Feb 2023
- Managed pharmacy operations including medication dispensing, inventory management, and patient counselling - Ensured medication safety, efficacy, and compliance with pharmaceutical regulations	

EDUCATION

Master of Pharmacy (M.Pharm) – Pharmaceutics Dr. Babasaheb Ambedkar Technological University, Lonere, Raigad	Oct 2025 – Jul 2027 (Expected)
Bachelor of Pharmacy (B.Pharm) Dr. Babasaheb Ambedkar Technological University, Lonere, Raigad	Jan 2022 – Jun 2025
Diploma in Pharmacy Maharashtra State Board of Technical Education (MSBTE)	Jan 2021 – Jul 2022

CERTIFICATIONS

Good Clinical Practice Clinical SAS with CDISC, SDTM and ADAM LifeArc Chemistry Job Simulation SOP for Microbiological Assay
