Detail-oriented and dedicated Pharmacist (GPA: 4.00/4.00) with hands-on exposure to CPOB/GMP principles, BPOM regulations, and pharmaceutical quality systems. Possesses operational internship experience in sterile manufacturing, covering quality auditing, batch documentation review, process and cleaning validation, yield evaluation, qualification, and cross-functional coordination. Equipped with strong analytical thinking, regulatory compliance mindset, and meticulous data management skills—highly motivated to contribute to ensuring compliance, process efficiency, and product safety in a dynamic pharmaceutical manufacturing environment.

Core Skills and Competencies

- **Regulatory & Quality Systems:** CPOB/GMP, CDOB, Quality Risk Management (QRM), Internal Auditing, SOP Review & Revision, Data Integrity Verification, Halal Assurance Compliance.
- **Technical Operations & Validation Support:** SAP Weighing Verification, Cleanroom Monitoring (Class A/B), Batch Production Record (BPR) Audit, Yield, Deviation Control, Process Validation, Cleaning Validation, Qualification.
- **Software & Tools:** Microsoft Office, Google Workspace, SAP Inventory/Production Module.
- **Soft Skills:** Meticulous Attention to Detail, Analytical Problem Solving, High Accountability, Effective Cross-Functional Communication.

Professional & Industrial Experience

PT ETHICA Industri Farmasi – Cikarang | Aug – Sep 2025

Pharmacist Intern - Production & Quality Documentation

- **Full Production Administration & Leave Coverage:** Independently managed production administrative operations during the administrator's leave, ensuring zero errors in critical Batch Production Records (BPR), handling logbook issuance, and coordinating directly with Production Supervisors and Managers.
- **SAP Weighing Input & Discrepancy Escalation:** Assisted in inputting production data and cross-checking raw material weighing records into the SAP system during the administrator's leave; identified weight discrepancies against approved BPR ranges and immediately escalated findings to production supervisors for formal review and follow-up.
- **Cleanroom & Line Intervention Monitoring (Class A/B):** Executed daily real-time particle monitoring during sterile filling processes for IPC and maintained meticulous tracking of line interventions (recording timestamps of setup schedules, operator interventions, and rejected/broken ampoules) directly into the BPR.
- **Yield, OEE & Data Compilation:** Performed precise manufacturing yield calculations, verified data with Production Supervisors for official sign-off, compiled final BPRs, and systematically inputted yield, OEE, and intervention data into spreadsheets.
- **BPR Enhancement Project:** Collaborated directly with the Junior Manager to optimize and update BPR structures—integrating verification checklists (supervisor yield sign-offs, Halal assurance compliance checkpoints, etc.) and organizing essential attachments (autoclave sterilization cycle printouts and new filter identity labels, etc.).
- **Routine Sample Handover:** Managed daily sample handovers with the Quality Control,
- **Documentation Review & Control:** Critically reviewed and revised weighing SOP for IPC in unloading processes, ensuring absolute alignment with updated USP standards and company compliance workflows.
- **Supply Chain & Material Traceability:** Managed inter-departmental documentation flow, including processing pick lists from PPIC, handling SFG label printing, tracking Goods Receipt SFG, and ensuring strict traceability of issued BPRs across weighing, washing, filling, unloading, and sterilization sections. Managed incoming material receipts from external vendor services, performing physical-to-document verification against purchase orders and delivery notes (Surat Jalan). Monitored production storage conditions and maintained structured inventory tracking systems utilizing FEFO/FIFO methods and performed weekly stock opname.

PT Sakajaja Makmur Abadi – Malang | Jul – Aug 2025

Pharmacist Intern - Distribution (CDOB)

- **CDOB Compliance & Qualification:** Completed comprehensive training and evaluation on Good Distribution Practices (CDOB), mastering customer and supplier qualification processes and temperature mapping protocols for warehouse storage.
- **Warehouse Operations & Order Fulfillment:** Executed daily warehouse supply chain logistics—handling order picking, managing goods issuance, and ensuring accurate physical-to-system inventory matching.
- **Supply Chain Documentation & Archiving:** Maintained rigorous administrative documentation workflows, managing institutional orders, purchase orders (Surat Pesanan), invoices, product returns, and recall logs in strict compliance with CDOB standards.
- **Inventory Management:** Monitored warehouse storage conditions and maintained structured inventory tracking systems utilizing FEFO/FIFO methods for secure pharmaceutical distribution.

Clinical & Community Experience (RSUD, Apotek, & Puskesmas)

- **Clinical Supply Chain & Regulatory Reporting:** Managed clinical supply chains and high-integrity monthly drug reporting at Puskesmas Singosari (Oct 2025), RSUD dr. Moh. Soewandhie Surabaya (May–Jul 2025), and Apotek Latansa Sidoarjo (Mar–May 2025).
- **Clinical Case Studies & Ward Rounds:** Actively participated in multidisciplinary ward rounds and clinical case presentations evaluated directly by preceptors and clinical supervisors, optimizing patient pharmacotherapy plans.
- **Pharmaceutical Care Services (PIO, PTO, & MESO):** Executed clinical pharmacy services—managing Drug Information Service (PIO), Pharmacotherapy Optimization (PTO), and Monitoring and Reporting of Adverse Drug Reactions (MESO).
- **Medication Reconciliation & Aseptic Compounding:** Performed thorough medication reconciliation during patient transitions of care and executed aseptic reconstitution practices in strict compliance with clinical safety guidelines.
- **Patient Counseling & Health Education (KIE):** Conducted direct patient counseling (KIE) and served as the primary speaker for a public health education campaign focusing on proper inhaler usage techniques.

University of Muhammadiyah Malang – Malang | Dec 2023 – Present

Laboratory Instructor (*Instruktur Praktikum*)

- **SOP & Safety Enforcement:** Supervised complex laboratory sessions with strict adherence to Standard Operating Procedures (SOPs) and safety guidelines, fostering a strong culture of regulatory compliance.
- **Audit-Ready Documentation:** Managed laboratory administrative data, performance reports, and student journals with meticulous accuracy, ensuring complete audit-ready record-keeping.
- **Technical Compounding Evaluation:** Conducted critical evaluations over 300 pharmacy students' technical compounding and prescription screening accuracy, ensuring strict alignment with high-standard pharmaceutical practices.
