PHARMACIST | QUALITY ASSURANCE | REGULATORY & COMPLIANCE SPECIALIST
+62 822-9284-6538 | ifulsaifullah30@gmail.com | www.linkedin.com/in/saifullah-

SUMMARY

A Pharmacist specializing in Quality Assurance, Regulatory Compliance, and Quality Management Systems within the pharmaceutical industry, experienced in ISO 9001:2015 implementation, Halal Assurance System (SJPH), 2D Barcode Traceability, Pharmacovigilance, and responsibilities as a Pharmacist in Charge for Traditional Medicines (APJ OT). Successfully supported ISO 9001 and SJPH certification projects, led quality improvement initiatives, and ensured compliance with regulatory requirements. Experienced in promotional materials review and advertising compliance to ensure that marketing activities align with BPOM regulations. Possesses strong knowledge of quality management systems, regulatory requirements, and continuous improvement methodologies to drive operational excellence and maintain compliance within the pharmaceutical industry.

COMPETENCIES

Licensed Pharmacist with a Competency Certificate issued by PP IAI (2023) and a Halal Supervisor Certification from BNSP valid until 2029. Demonstrates competency in Quality Management System (QMS) & ISO 9001:2015 Internal Auditing, Regulatory Compliance (BPOM, CPOTB, SJPH), CAPA, Deviation Management & Root Cause Analysis, Document Control & Audit Readiness, Pharmacovigilance & Drug Safety Reporting and Halal Compliance System Implementation.

KEY ACHIEVEMENTS

- Contributed to the successful completion of ISO 9001:2015 and Halal Assurance System (SJPH) certification projects.
- Led the implementation of a BPOM-compliant 2D Barcode Traceability System to strengthen product traceability and regulatory compliance.
- Held strategic roles as Pharmacist in Charge for Traditional Medicines (APJ OT), Halal Supervisor, BPOM Regulatory Compliance Reviewer for promotional and advertising materials, and Deputy Pharmacovigilance PIC, ensuring regulatory compliance, quality system implementation, and continuous product safety oversight. Managed more than 100 quality document revisions (SOPs, Work Instructions, Forms) and coordinated across 11 departments to enhance quality system effectiveness and audit readiness

EDUCATION

Jenderal Achmad Yani University Cimahi 2022 - 2023

Professional Pharmacy Program | GPA 3.78

Muhammadiyah Banjarmasin University 2017 - 2021

Bachelor of Pharmacy | GPA 3.49

Thesis: "Analysis of pharmacists' experience, understanding, and expectations regarding remuneration for pharmaceutical practice in community pharmacies in the Banjarmasin area"

WORK EXPERIENCE

PT. Solas Langgeng Sejahtera November 2024 - Present

Quality Assurance - Quality Improvement

- Lead and implement continuous improvement initiatives related to ISO 9001, SJPH (Halal Assurance System), and 2D barcode traceability systems.
- Ensure all quality-related activities comply with applicable regulations, standards, and internal procedures, including identification and follow-up of non-conformities.
- Prepare, review, and maintain quality documents, including SOPs, work instructions, and records to ensure audit readiness.
- Coordinate CAPA (Corrective and Preventive Actions) and cross-functional improvements to enhance operational effectiveness.
- Support internal and external audits and ensure timely closure of audit findings.

Responsible Pharmacist for Traditional Medicine (APJ OT)

- Managed product evaluation and approval system for traditional medicines to ensure full compliance with CPOTB and BPOM regulations prior to market release.
- Strengthened quality release system by ensuring all product batches underwent comprehensive

documentation review prior to distribution.

- Ensured consistent CPOTB implementation across contract manufacturers through cross-site coordination and compliance oversight.
- Supported improved audit readiness of contract manufacturing facilities through active participation in external audits and CAPA follow-up.
- Oversaw high-volume product approvals, with major contributions from Striana Capsules (28 batches / ~41% contribution) and Pectum Syrup (38 combined batches / ~56% of total syrup releases), demonstrating strong involvement in key company products.

Halal Supervisor (SJPH)

- Managed and maintained Halal Assurance System (SJPH) documentation, ensuring system implementation in compliance with applicable regulatory requirements and standards.
- Ensured halal compliance of materials, processes, and products through consistent implementation and monitoring of the Halal Assurance System (SJPH) across the production chain.
- Prepared and supported halal audit activities, including documentation readiness and coordination with relevant stakeholders to ensure smooth certification and maintenance processes.
- Successfully delivered halal certification for 34 products, achieving 100% of planned targets within the established timeline, while overseeing the end-to-end Halal Assurance System (SJPH) compliance process from documentation assessment through certification approval.
- Managed halal certification for 41 additional products across regulatory categories (Traditional Medicines, OTC, Limited OTC, and Prescription Drugs) through cross-functional coordination and documentation readiness enhancement.

Management Representative (ISO 9001:2015)

- Ensured the implementation and maintenance of the Quality Management System (QMS) in compliance with ISO 9001:2015 requirements and applicable regulations.
- Coordinated internal audits, Management Reviews, organizational readiness for external audits, and certification activities to ensure the sustainability, effectiveness, and compliance of the Quality Management System through continuous improvement initiatives.
- Monitored Quality Management System performance and ensured the effective implementation of Corrective and Preventive Actions (CAPA) to drive continuous improvement.
- Led and completed more than 100 quality document revisions and developments, including Standard Operating Procedures (SOPs), work instructions, and forms, to enhance process standardization and overall Quality Management System effectiveness.
- Coordinated documentation and process improvement initiatives across 11 functions/departments, including HR & Legal, General Affairs, Finance & Accounting, Marketing, Purchasing, Quality Assurance, Quality Control, Production, Engineering, Research & Development, and Regulatory Affairs..

2D Barcode Implementation PIC

- Led the implementation of a 2D Barcode system for 26 prescription drug products (in-house and toll-out), achieving 100% compliance with BPOM serialization regulations and improving end-to-end product traceability.
- Coordinated cross-functional and external stakeholder integration to ensure data accuracy and successful system implementation aligned with operational and regulatory requirements.
- Ensured 100% completion of implementation phases within project timelines and full compliance with applicable regulatory requirements.
- Managed 100% of system documentation and ensured timely reporting of implementation data into the TTAC system in compliance with regulatory standards.

Pharmacovigilance - Deputy PIC

- Collect, evaluate, and report adverse drug events (ADEs) to the National Pharmacovigilance Center (BPOM RI).
- Ensure pharmacovigilance activities comply with applicable regulatory requirements.
- Maintain accurate and complete safety data records and documentation.
- Coordinate with internal teams to ensure timely reporting and follow-up of safety issues.

Ciputra Mitra Hospital

2024

- Deliver comprehensive clinical pharmacy services to ensure safe, effective, and evidence-based use of medications in patient care.
- Perform prescription verification, medication reconciliation, and Drug-Related Problem (DRP) identification to optimize therapy outcomes.
- Monitor and report adverse drug reactions (ADR) and support pharmacovigilance activities in accordance with regulatory standards.
- Ensure medication safety, including management of high-alert and emergency medications.

- Provide patient-centered care through counseling, education, and effective interprofessional collaboration.
- Maintain accurate and complete clinical documentation using Hospital Information Systems (HIS), Electronic Medical Records (EMR), Pharmacy Information Systems (PIS), and drug interaction databases.
- Ensure compliance with Good Pharmacy Practice (GPP) and applicable healthcare regulations.

Apotek sahabat Sehat

2022

- Manage pharmaceutical supply chain operations, including planning, procurement, receiving, storage, destruction, inventory control, and accurate recording/reporting.
- Deliver comprehensive clinical pharmacy services, including prescription review, dispensing, self-medication support, patient counseling, and drug information services.
- Provide extended patient care services, including home pharmacy care, telepharmacy, and medication delivery services to improve accessibility and adherence.
- Support pharmacy business and marketing activities through product promotion on social media to enhance customer engagement and drive sales.
