

RAHMA AZIZAH

082118356215 | raazizah0811@gmail.com | linkedin.com/in/rahma-azizah-131a77216

Pharmacist with professional internship and research experience across pharmaceutical manufacturing, distribution, hospital, primary healthcare, and community pharmacy settings. Experienced in pharmaceutical product evaluation, market- related product comparison, data analysis, scientific presentation, and cross- functional coordination. Strong pharmaceutical product knowledge with proven experience communicating technical information through patient counseling, laboratory supervision, and scientific presentations. Interested in pharmaceutical product marketing, product management, and supporting effective marketing programs and product knowledge activities.

Professional Experience

Puskesmas Cibanduyut Kidul

May 2026

Pharmacist Intern

- Assisted in pharmaceutical inventory management and evaluation of medication utilization.
- Supported prescription screening, dispensing, and patient counseling.

PT. Enseval Putera Megatrading Tbk.

Apr 2026

Pharmacist Intern

- Gained practical exposure to pharmaceutical distribution operations and product flow in accordance with CDOB.
- Conducted stock opname and inventory reconciliation to support product availability and accuracy.
- Verified purchase orders, invoices, and delivery documents to ensure distribution accuracy.
- Developed an understanding of pharmaceutical product distribution, market flow, and supply chain processes.

Lembaga Farmasi Angkatan Udara

Feb 2026 - Mar 2026

Pharmacist Intern

- Gained hands- on exposure to pharmaceutical manufacturing processes and product development workflows under CPOB requirements.
- Participated in formulation development and product evaluation activities, including Cefadroxil dry syrup and Vitamin C tablet formulation.
- Assisted in understanding product quality attributes and manufacturing processes through practical observation and evaluation.
- Supported QA/QC activities and gained practical understanding of pharmaceutical quality management systems.

Santosa Hospital Bandung Central

Dec 2025 - Jan 2026

Pharmacist Intern

- Conducted prescription screening and medication reconciliation to support appropriate pharmaceutical product use.
- Provided Drug Information Services and patient counseling based on pharmaceutical knowledge and patient needs.
- Participated in pharmaceutical inventory management and hospital medication distribution systems.
- Conducted comparative analysis of a new pharmaceutical product for formulary consideration, including price comparison across multiple vendors and evaluation of its advantages versus existing alternatives available in the hospital.

Apotek Medika Antapani

Nov 2025

Pharmacist Intern

- Prepared compounded medicines according to pharmaceutical standards and procedures.
- Provided patient counseling and appropriate over-the-counter medication recommendations.
- Assisted with pharmaceutical inventory management and daily pharmacy operations.
- Developed direct understanding of consumer needs and pharmaceutical product selection in a community pharmacy setting.

Bandung Islamic University

Apr 2025 - Jul 2025

Research Assistant

- Assisted pharmaceutical formulation research through experimental work, data collection, and scientific documentation.
- Conducted literature reviews to support formulation development and research methodology.
- Analyzed experimental results and prepared scientific reports to evaluate research outcomes.
- Supported formulation development through systematic evaluation of relevant scientific findings.
- Collaborated with supervisors to complete pharmaceutical research projects.

Bandung Islamic University

Feb 2025 - Aug 2025

Laboratory Assistant

- Supervised laboratory practical sessions for approximately 155 pharmacy students.
- Assisted laboratory preparation, documentation, and equipment management.
- Guided students during laboratory activities while ensuring compliance with laboratory safety procedures.
- Strengthened communication, presentation, teamwork, and problem-solving skills through interaction with students and academic teams.

Himpunan Mahasiswa Farmasi	Jun 2022 - Aug 2024
- Coordinated administrative activities across 12 organizational divisions and supported cross-functional collaboration. - Managed documentation for 15+ student programs and organizational events. - Coordinated meetings, official correspondence, and organizational records to support effective program execution. - Developed strong organizational, communication, coordination, and time management skills.	

Education

Universitas Islam Bandung	Sep 2025 - Aug 2026
<i>Professional Pharmacist Program, 3.99/4.00</i>	
- Completed professional rotations in pharmaceutical manufacturing, distribution, hospitals, community pharmacy, and primary healthcare. - Developed competencies in Quality Assurance, pharmaceutical manufacturing, CPOB, GMP and Good Distribution Practices.	
Universitas Islam Bandung	Aug 2021 - Feb 2025
<i>Undergraduate Pharmacy, 3.75/4.00</i>	
- Built a strong foundation in pharmaceutical sciences, pharmaceutics, pharmacology, pharmaceutical chemistry, and clinical pharmacy. - Participated in laboratory research, pharmaceutical formulation, and community health service projects. - Djarum Beasiswa Plus Awardee (2023–2024).	

Honors & Awards

National Pharmacy Seminar (ITB)	Jul 2025
<i>Best Scientific Poster Award</i>	
- Developed and optimized a nanoemulgel formulation containing Tea Tree Oil and Salicylic Acid. - Conducted physicochemical characterization and stability evaluation of nanoemulgel formulations. - Presented research findings at a national scientific seminar and received the Best Scientific Poster Award.	
Djarum Beasiswa Plus	Sep 2023 - Sep 2024
<i>Awardee</i>	
- Selected based on academic achievement, leadership potential, and organizational involvement. - Participated in leadership, communication, problem-solving, and character development programs.	

Selected Projects

Quality Risk Management Project	Mar 2026
Developed Quality Risk Management documentation, Change Control reports, and risk assessment during pharmaceutical manufacturing internship.	
Nanoemulgel Formulation Research	Oct 2024 – Jul 2025
- Developed and optimized a nanoemulgel formulation containing Tea Tree Oil and Salicylic Acid for anti-acne application. - Conducted literature review and formulation development to establish an appropriate product composition. - Evaluated physicochemical characteristics and stability of the developed formulation. - Analyzed experimental data to assess formulation performance and identify the optimized formulation.	

Core Skills

Product & Marketing: Pharmaceutical Product Knowledge, Product Evaluation, Product Comparison, Market & Consumer Understanding, Product Presentation Communication & Coordination: Presentation, Product Knowledge Delivery, Cross-functional Collaboration, Stakeholder Communication, Project Coordination Analytical: Data Analysis, Literature Review, Comparative Analysis, Problem Solving Pharmaceutical: Pharmaceutical Manufacturing, CPOB/GMP, QA/QC, CDOB, Pharmaceutical Distribution Tools: Microsoft Word, Excel, PowerPoint Soft Skills : Analytical Thinking, Problem Solving, Cross- functional Collaboration, Communication, Coordination, Attention to Detail, Adaptability, Initiative.
