PROFILE

Pharmacy graduate with hands-on experience across pharmaceutical quality assurance, hospital pharmacy, distribution, and laboratory settings. Experienced in batch record documentation, product quality review, trend analysis, validation and qualification activities, pharmaceutical distribution, medication dispensing, and compounding. Demonstrated strong analytical, communication, problem-solving, and teamwork skills through laboratory assistant and organizational experiences. Gained international exposure through a student exchange program at the University of Groningen, demonstrating adaptability and the ability to work effectively in diverse academic and cultural environments. Highly motivated to develop a career in the pharmaceutical industry, particularly in quality assurance, quality control, regulatory affairs, or pharmaceutical operations.
