(+62) 85729875734 | ydina4440@gmail.com | <https://www.linkedin.com/in/dina-yuliana> | Lumajang, East Java

Registered Pharmacist (*Apoteker*) and Bachelor of Pharmacy graduate from Universitas Airlangga and hands-on industrial **QC–Document Control** experience at PT Kalbe Farma Tbk. Possesses a strong foundation in cGMP/CPOB, GDP, quality management systems, and current compendial standards (FI VI & USP). Proven background in **laboratory research, analytical testing** from thesis work on active pharmaceutical/cosmetics ingredients. Proven ability to coordinate cross-functional teams, troubleshoot technical issues, and support continuous process improvement to ensure efficiency, quality, and strict regulatory adherence.

SKILLS

- **Interpersonal & Managerial Skills:** Leadership, Critical Thinking, Technical Documentation, Time Management, Cross-functional Teamwork, Problem-Solving, Out of Specification (OOS) Handling
- **Technical:** Proficient in operating HPLC, UV-Vis, FTIR, Spectrophotometers, Dissolution Tester, Viscometer Brookfield, pH meter, Microsoft Office (Excel, Word, Powerpoint), Canva, SPSS, and Google Suite
- **Regulatory & Quality Standards:** cGMP (CPOB), GDP, BPOM regulations, Indonesian Pharmacopoeia VI (2020), USP-NF (2025), Quality Risk Management (QRM), and Quality by Design (QbD)
- **Languages:** Indonesian (Native Proficiency), English (Intermediate - TOEFL: 527)

EDUCATION

Universitas Airlangga – Surabaya, Indonesia

(Sep 2025 - Aug 2026)

Pharmacist Professional Education Program – GPA 3.72 / 4.00

Universitas Airlangga – Surabaya, Indonesia

(Sep 2021 - Jul 2025)

Bachelor of Pharmacy – GPA 3.36 / 4.00

- **Practical Experience:** Experienced in pre-formulation, optimization, physicochemical evaluation, and packaging design for solid (CTM tablets – wet granulation), liquid (erythromycin dry syrup), and semi-solid (hydrocortisone acetate cream) dosage forms.
- **Thesis Project:** Characterization of Toothpaste Containing Bovine Hydroxyapatite (BHA) as an Active Ingredient at Various Concentrations
 - Designed pre-formulation studies and optimized formula variations.
 - Conducted laboratory-scale trials and chemical and physical analysis (organoleptic, homogeneity, pH, viscosity, spreadability, foam height) to determine the optimal formula.
 - Consolidated analytical data into scientific reports and a thesis publication.

INTERNSHIP EXPERIENCE

Rumah Sakit Khusus Infeksi Universitas Airlangga – Surabaya, Indonesia

(Jan 2024 - Feb 2024)

Intern

- Prepared and distributed medications for 40+ inpatients daily using the Unit Dose Dispensing (UDD) system.
- Compounded 2+ medications per day in accordance with physician prescriptions.

PT Kalbe Farma Tbk. – Cikarang, Bekasi

(Oct 2025 - Nov 2025)

Quality Control – Document Control

- Developed gap matrix documents comparing existing analytical methods and specifications against requirements ($\geq 100\%$ compliance with Supplement III of FI VI 2025 and USP-NF 2025), thereby accelerating the identification of necessary revisions to Analytical Testing Procedures.
- Drafted and revised 8+ Analytical Testing Procedures (PPA) for semi finish goods and raw materials, in accordance with change control protocols and the latest compendial standards.
- Validated and uploaded updated QC documents to the Change Implementation Schedule (JIP) system.
- Conducted thorough reviews and batch verification of QC distribution documents to prevent version control errors.
- Conducted comparative reviews of raw material Certificates of Analysis (CoA) to ensure consistency of raw material quality before use.
- Directly observed solid dosage form production processes and In-Process Control (IPC) testing.

- Implemented 5R (Ringkas, Rapi, Resik, Rawat, Rajin) principles.
- Plant Tour

PT Teknologi Medika Pratama (SwipeRx) – Surabaya, Indonesia

(Dec 2025)

Pharmacist Internship Program

- Executed end-to-end distribution activities, including product receiving, storage, order picking, packing, and shipment coordination.
- Ensured compliance with Good Distribution Practices for Pharmaceuticals (GDP/CDOB) and Medical Devices (CDAKB) throughout the pharmaceutical and medical device distribution chain.
- Rotated across key wholesaler/distributor divisions (Inbound, Warehouse Operations, Inventory Control, Logistics, Outbound, and Complaint Handling) to gain comprehensive end-to-end pharmaceutical distribution experience.
- Performed inspections and validation of returned products, including precursor invoice returns, OOT (Certain Drugs/Obat-obat Tertentu), and medical devices.
- Authorized orders for precursor products via the PT Dashboard system.

Apotek Kimia Farma 407 Mulyosari – Surabaya, Indonesia

(Dec 2025 - Jan 2026)

Pharmacist Internship Program

- Screened 25+ prescriptions daily to ensure therapeutic rationality and prevent medication errors.
- Performed dispensing and compounding in accordance with SOPs.
- Handled High-Alert medications, LASA drugs, and controlled substances (narcotics and psychotropics) in compliance with regulatory standards.
- Participated in periodic stock audits (Stock Opname).

Puskesmas Kalirungkut – Surabaya, Indonesia

(Feb 2026)

Pharmacist Internship Program

- Reviewed and processed over 100 prescriptions daily under supervision to ensure safety and rational drug use.
- Gained hands-on experience in pharmaceutical inventory management, including planning, procurement, storage, control, and reporting.

Rumah Sakit Universitas Airlangga – Surabaya, Indonesia

(Mar 2026 - May 2026)

Pharmacist Internship Program

- Managed the pharmaceutical supply chain, encompassing planning, procurement, receiving, requisitioning, storage, inventory control, distribution, and reporting.
- Observed and learned sterile preparation procedures, including Total Parenteral Nutrition (TPN) and cytostatic drug handling.

ORGANIZATIONAL EXPERIENCE

UKM Kependudukan Universitas Airlangga

(2023 - 2024)

Secretary of the Human Resources and Organizational Development Division

- Managed administrative data, document filing, and official correspondence.

UKM Kependudukan Universitas Airlangga

(2022 - 2023)

Staff of the Human Resources and Organizational Development Division

- Coordinated character-building programs and competency enhancement initiatives for board members.

LEADERSHIP EXPERIENCE

Thesis Course, Faculty of Pharmacy Universitas Airlangga

(2024)

Student Coordinator

- Coordinated scheduling and operational communication between faculty members and over 190 students.
- Managed documentation and regular performance reporting to maintain seamless course operations.

Pharmacology & Toxicology Course, Faculty of Pharmacy Universitas Airlangga

(2022)

Student Coordinator

- Coordinated scheduling and operational communication between faculty members and over 60 students.
- Managed documentation and regular performance reporting to maintain seamless course operations.

A. (2024). Level of Knowledge and Rationality of Self-Medication with Pain Relievers among Housewives in East Surabaya. *Jurnal Farmasi Komunitas*, 11(1), 48–55. <https://doi.org/10.20473/jfk.v11i1.52876>.

SEMINARS & WORKSHOPS

Pelatihan Quality Assurance (QA) In Pharmaceutical Industry Batch 18	(2026)
<i>Participant</i>	
Makin Ahli Official	
CAPA and Root Cause Analysis in Pharmaceutical Industry	(2026)
<i>Participant</i>	
Makin Ahli Official	
Research, Invention, and Community Development Exhibition (HITECH)	(2025)
<i>Demonstrator</i>	
Research Innovation Development – Bovine Hydroxyapatite Universitas Airlangga	
Seminar “Regulasi Pengawasan Mutu Produk Kosmetik”	(2024)
<i>Participant</i>	
Speaker: apt. Budi Sulistyowati, S. Farm (Head of the Administration Division, BPOM Surabaya)	
Seminar “Pharma-Based Marketing: Bridging Science & Consumer Trust”	(2024)
<i>Participant</i>	
Speaker: Bryan D. E. Tilaar, CIC (Direktur Utama PT Martina Berto, Tbk)	
Seminar “Aspek Produksi Kosmetik Dan Alat Kesehatan”	(2024)
<i>Participant</i>	
Speaker: Evi Nuriyani Machsyttoh (Quality Regulatory and Compliance Manager Beiersdorf)	
Seminar “Fasilitas dan Produksi Sediaan Steril di Industri Farmasi”	(2024)
<i>Participant</i>	
Speaker: apt. Dra. Betty Zubaida (Direktur PT. Widatra Bhakti)	
Airlangga Start Up Innovation Expo (ASSIE)	(2023)
<i>Demonstrator</i>	
Research Innovation Development – Bovine Hydroxyapatite Universitas Airlangga	
Latihan Kepemimpinan Terpadu	(2021)
<i>Participant</i>	
BEM Faculty of Pharmacy Universitas Airlangga
