PROFILE

A pharmacist graduate from the University of North Sumatra (Medan) with a strong interest in pharmaceutical manufacturing and production operations. Possesses solid knowledge of Good Manufacturing Practices (GMP), pharmaceutical regulations, production processes, and documentation control systems. Experienced as a Non-Sterile Product Technology Laboratory Assistant and through internship assignments involving production support activities, including In-Process Control (IPC), filling operations, production documentation management, CAPA implementation, and process monitoring. Highly detail-oriented, disciplined, and quality-focused, with the ability to support efficient production processes, ensure compliance with GMP requirements, maintain product quality standards, and contribute to continuous improvement initiatives within pharmaceutical manufacturing environments.

EDUCATION

Bachelor Degree in Pharmacy (B.Pharm) IPK 3.25/4.00	Sep 2020 - Jul 2024
Apothecary/Professional Pharmacist Degree (Apt.) IPK 4.00/4.00	Jul 2024 - Aug 2025

COURSES AND CERTIFICATIONS

Industrial Biotechnology , University of Manchester September 2025 on Coursera Platform Certificate: https://www.coursera.org/account/accomplishments/verify/K14ZVOPRC7UD	Sep 2025
TOEFL , Englishvit Score: 570 Certificate: https://englishvit.com/certificate/status/EV-TO5-09-2025-005473943	Sep 2025
Quality Assurance Fundamental , Myskill - Learn the basic concepts of Quality Assurance and its role in maintaining product standards - Apply Good Manufacturing Practices (GMP) and Standard Operating Procedures (SOP) in the quality process - Managing documentation and deviation reports within the framework of the Quality Management System (QMS) - Improving analytical and problem solving skills to support continuous quality improvement	Sep 2025
Quality Assurance (QA) in Pharmaceutical Industry , Makin Ahli - Learned key principles of Good Manufacturing Practice (GMP) and pharmaceutical quality systems, including validation, documentation, and internal auditing. - Engaged in intensive training with 80 participants from diverse pharmaceutical backgrounds, enhancing collaboration and professional networking skills.	Aug 2025

EXPERIENCES

Pharmacy Intern , Industri Lembaga Farmasi TNI Angkatan Udara Bandung	Jan 2025 - Feb 2025
- Assisted various team activities through collaboration, observation, induction, and self-study - Supported In-Process Control (IPC) during the filling process - Assisted in preparing production materials for formulation and filling processes - Participated in handling Corrective and Preventive Actions (CAPA) - Contributed to the development and revision of Standard Operating Procedures (SOPs) and protocols - Analyzed IPC data trends for initial calibration and extractables during the filling process - Managed production documentation including archiving, storing, delivering, and updating files - Created temperature data trend reports for the cold room and freezer used in production	

Laboratory Assistant Non Sterile Preparation Technology

Jun 2021 - Dec 2023

- Supervising 200 students for one semester in weighing, mixing, and preparation practices (powder, granules, capsules, tablets).
- Supervising 15 practical sessions each semester to ensure compliance with laboratory scale SOPs.
- Documenting all practical activities, including checking the logbooks of 20 laboratory instruments and recording the results of preparation quality evaluations (organoleptic, homogeneity, volume).
- Coordinating the resolution of technical troubleshooting and acting as a liaison between lecturers and students to ensure the smooth running of practical sessions.
- Completing the entire assistance schedule 100% on time according to the academic calendar, with a practical session delay rate of <5%.

ACHIEVEMENT

Dean's List Awardee, Faculty of Pharmacy, Universitas Sumatera Utara

Aug 2025

Recognized for outstanding academic performance and achieving a perfect GPA of 4.00/4.00.

Published Q1 International Journal Article

Jul 2025

“Utilization of Artocarpus altilis Leaf Extract for Silver Nanoparticle Synthesis: Comparative Antioxidant and Antibacterial Evaluation with Water Extract”, South African Journal of Chemical Engineering ([Scopus Q1, 2025](#)).

Oral Presenter, The 4th International Conference on Pharmaceutical and Clinical Research, Universitas Sumatera Utara

Jul 2025

Presented research findings on the antioxidant and antibacterial activity of Artocarpus altilis leaf extract based nanoparticles.

ORGANIZATIONAL & VOLUNTEER EXPERIENCE

Head of the Glow Imatensi Equipment Division (Association of Christian Pharmacy Students and Alumni) (IMATENSI USU)

Aug 2022 - Jan 2024

- Overseeing the inventory of 50 units of activity equipment in a structured manner, ensuring that all equipment functions optimally and according to standards.
- Carrying out routine checks before and after use, thereby reducing the rate of equipment damage during the committee period.
- Coordinating technical requirements with 5 other divisions, ensuring that the entire series of events runs on time without operational obstacles.

Health Volunteer, Community Service in Karo Regency, North Sumatra

Sep 2023

- Educated 60 local participants on proper medicine use and hygiene awareness to promote rational antibiotic use and prevent resistance.
- Developed and presented an innovative antiseptic paper soap made from mango and guava leaves, strengthening community health and empowering local creativity.

SKILL

- **Language:** Indonesian (Fluent), English (Intermediate)
- **Office Applications:** Microsoft Word, Microsoft Excel (including data analysis & Pivot Table), Microsoft PowerPoint
- **Operating System:** Microsoft Windows
- **Quality & Technical Skills:** Understanding of Good Manufacturing Practice (GMP) and Quality Management Systems (QMS), documentation and data verification, sample handling, and basic analytical testing
- **Interpersonal & Professional Skills:** Strong attention to detail, analytical thinking, effective communication, teamwork across functions, leadership and coordination (based on organizational and laboratory experience)
