About Me

A highly motivated Licensed Pharmacist with a strong drive for professional excellence and growth. Accomplished Pharmacist-in-Charge with extensive expertise in regulatory compliance and operational management. Proven track record in leading teams, conducting internal audits, and overseeing CAPA implementations. Adaptable to dynamic work environments, I thrive on challenges and excel in both collaborative team settings and independent tasks. Committed to high integrity and professional responsibility, with a comprehensive expertise in pharmaceutical industrial and distribution

Professional Experience & Social Activities

PT. Kebayoran Pharma Denpasar - Pharmacist in Charge (APJ) (May 2023 – May 2026)

- **Regulatory Compliance:** Ensure all distribution activities strictly adhere to Good Distribution Practices (GDP/CDOB) and Ministry of Health regulations.
- **Quality Assurance:** Monitor and maintain proper storage conditions (temperature and humidity) to guarantee product quality and efficacy, process validation and equipment qualification, and handling complaint.
- **Product Safety & Traceability:** Oversee the procurement, storage, and distribution channels to prevent the entry of counterfeit or substandard medicines.
- **Documentation & Reporting:** Manage and audit all pharmaceutical documentation, including product handling, recalls, returns, and periodic regulatory reporting to authorities (BPOM) and Corrective Action and Preventive Action (CAPA) compliance.
- **Team Supervision:** Provide technical guidance and training to warehouse and logistics staff regarding safe pharmaceutical handling and standard operating procedures (SOPs).
- **Warehouse and Inventory management** based on 5S.
- Contributed to CDOB recertification and the strategic development of CAPA fulfillment.

Kimia Farma UB Denpasar Pharmacy — Staff Pharmacist (January – May 2023)

- **Medication Dispensing & Accuracy:** Handled prescription filling and OTC (Over-the-Counter) medicine distribution.
- **Patient Consultation & Care:** Provided clear, empathetic counseling to patients regarding medication usage, potential side effects, and general wellness advice, enhancing overall patient satisfaction.
- **Inventory & Stock Management:** Managed pharmaceutical inventory, including monitoring expiration dates, procurement requests, and ensuring the optimal storage conditions of temperature-sensitive medicines.
- **Regulatory & Safety Compliance:** Maintained strict adherence to healthcare regulations, pharmacy laws, and standard operating procedures (SOPs) to guarantee patient safety and data privacy.
- **Operational Excellence:** Collaborated seamlessly with pharmacists and healthcare providers to streamline workflow and resolve patient inquiries efficiently.

Community Service — TB Control Program (June – July 2019)

- Conducted public health counseling and screening surveys regarding Tuberculosis (TB) using an Interprofessional Education (IPE) approach in Tana Toraja
