

Detailed view of Isoflurane CRS

Catalogue Code	Y0000858	
Name	Isoflurane CRS	Batches
Current batch number	3	batch 3 is valid at this date ▾
Unit quantity per vial	1.4 ML	 Print BVS
Number of vials per sales unit	2	 RS webshop
Used in monograph(s)	1666	
Assigned content	See Leaflet	
Additional information		
Leaflet	click to download the leaflet	
Chemical hazard	Click to download Safety Data Sheet	
Biological hazard	none identified	
SDS Product Code	201600491	
CAS Registry Number	26675-46-7	
Origin	click to download Origin Of Goods.pdf	
Proposed Import HS code	290919	
EDQM long term storage conditions	+5°C+/-3°C	
Dispatching conditions	Ice +5°C	
UN Code	Not classified	
Shipping group	B1A	
Price	79 EUR	
Availability	Available	
Sales restriction	No

How to read this table

BVS Batch Validity Statement.

1- **Catalogue Code** designates the catalogue code that has been assigned to each Reference Standard.

2- **Name** lists the name of each item as designated in the European Pharmacopoeia (English version) and/or on the label.

If the suffix *psy, *narc, *Drug Precursor, *MOT(biotox) or *ODS appears, export authorizations are mandatory in France or according to European regulations. Import permit / license may be needed in your country. For more details, please refer to our [Specific Terms and Conditions: reference standards](#)

3- **Current Batch Number** shows the batch of the selected item being distributed as of the date of this online catalogue. Print BVS for more information.

4- **Unit quantity per vial** is the quantity of material provided in each container.

5- **Number of vials per sales unit** is for one item ordered the number of container(s) supplied, when more than one container is supplied for each per item in the order.

6- **Used in monograph(s)** lists the European pharmacopoeia monograph(s) and/or general method(s) prescribing the use. For more details, see leaflet.

7- **Assigned content** See leaflet for the value and explanations on use.

8- **Additional information** includes chemical name of an impurity, synonym and information in case of suppression or replacement of a standard.

9- **Leaflet** is made available for Reference Standard for the prescribed European Pharmacopoeia use(s). Click on the hyperlink to download. Leaflet is accessible also via BVS.

10- **Chemical hazard** EDQM provides Safety Data Sheet (SDS) when hazard is identified in accordance UNECE/GHS as enacted in the EU.

11- **Biological hazard** EDQM provides a safety data statement when hazard is identified in accordance with Directive 2000/54/EC.

12- **SDS product code** : this code corresponds to the reference of the applicable document (safety data sheet or bio-hazard statement).

13- The **CAS Registry Number**[®] is based on information received from the supplier and on current knowledge. CAS Registry Number[®] is a registered trademark of the American Chemical Society.

14- **Origin** To be checked if import permit is required in your country.

15- **Proposed Import HS code** To be checked for your import customs clearance. The HS code stated for each product is a proposal of the Council of Europe (EDQM). The accuracy of HS code cannot be guaranteed.
The importer shall be personally responsible for the tariff classification in the country of import and will assume the ensuing regulatory, fiscal, health and safety obligations.

16- **EDQM long term Storage conditions** recommended and in most cases more stringent than those given in the monograph.

17- **Dispatching conditions** includes information on special dispatching conditions required by the item.

18- **UN Code** Classification for the shipment of the dangerous goods. Please refer to (Transport information) of the SDS.

19- **Shipping group** A parcel can only be composed of products with the same shipping group. In addition, dangerous goods will be split according to UN code.

20- **Price** 2.5€ to be added per sales unit for handling.

21- **Sales restriction** are applied in such a way that as many customers as possible will receive at least some of the limited quantities.

Shipping group	Description
L	Reference spectrum
A1a	Shipment at ambient temperature for no controlled and no dangerous

A1b	Shipment at ambient temperature for no controlled and dangerous goods
A2a	Shipment at ambient temperature for * psy and * narc and no dangerous goods
A2b	Shipment at ambient temperature for * psy and * narc and dangerous goods
A3a	Shipment at ambient temperature for drug precursor and no dangerous goods
A3b	Shipment at ambient temperature for drug precursor and dangerous goods
G1a	Shipment at ambient temperature for no controlled and no dangerous, should be stored at -20°C upon receipt
G2a	Shipment at ambient temperature for * psy and * narc and no dangerous goods, should be stored at -20°C upon receipt
G3a	Shipment at ambient temperature for drug precursor and no dangerous goods, should be stored at -20°C upon receipt
B1a	Shipment under Ice +5°C (products kept refrigerated) for no controlled and no dangerous goods
B1b	Shipment under Ice +5°C (products kept refrigerated) for no controlled and dangerous goods
B2a	Shipment under Ice +5°C (products kept refrigerated) for * psy and * narc and no dangerous goods
B2b	Shipment under Ice +5°C (products kept refrigerated) for * psy and * narc and dangerous goods
B3a	Shipment under Ice +5°C (products kept refrigerated) for drug precursor and no dangerous goods
B3b	Shipment under Ice +5°C (products kept refrigerated) for drug precursor and dangerous goods
C1a	Shipment under Ice -20°C (products kept frozen) for no controlled and no dangerous goods
C2a	Shipment under Ice -20°C (products kept frozen) for * psy and * narc and no dangerous goods
C3a	Shipment under Ice -20°C (products kept frozen) for drug precursor and no dangerous goods
D1a	Shipment with Dry-Ice for no controlled and no dangerous goods
D1b	Shipment with Dry-Ice for no controlled and dangerous goods
D2a	Shipment with Dry-Ice for * psy and * narc and no dangerous goods
D2b	Shipment with Dry-Ice for * psy and * narc and dangerous goods
D3a	Shipment with Dry-Ice for drug precursor and no dangerous goods
D3b	Shipment with Dry-Ice for drug precursor and dangerous goods
