Description

Heavy model of the series Sport made of high-quality brass with an individual touch.

With daily use, the brass develops a natural and unique patina. The sturdy brass is complemented by fine silver elements, such as the logo cap and the nib. The writing instrument already presses slightly onto the paper by itself because of

Five different nib sizes are available, ranging from extra fine to extra broad. While the extra fine nib (EF) is suitable for small and delicate handwritings, the extra broad (BB) nib is often used for large, dramatic signatures. For beginners, we recommend the nib size medium (M). All nibs are produced in Germany.

Additionally, we recommend one of our clips for the Sport model or our Sport pouches made of fine leather for one or two pens.

Please note: This raw material will develop a patina during usage.
